University Professorships

TAGORE LAW PROFESSORSHIP

The Hon'ble Prosunno Coomarr Tagore, C.S.I., one of the Fellows of the University, who died on the 30th August, 1868, bequeathed by his will, dated the 10th October, 1862, to the University a monthly allowance of Rs. 1,000 for the purpose of founding a Professorship of Law in connection with the University to be called the "Tagore Law Professorship." The terms of the bequest are given in the following extract from the will (4 Bengal Law Reports, O.C.J. 103, at 116):

"I am desirous of founding a Law Professorship to be called, 'The Tagore Law Professorship' and of providing an adequate remuneration for the Professor who shall fill the chair provided by me. I direct that my Trustees or Trustee do and shall, as soon as may conveniently be after my death, invest, in Government Securities, such a sum of money taken from my personalty or, by degrees, from the income of my real estate at the discretion of my Trustees or Trustee, as will produce the monthly sum of Rs. 1,000, and that when such sum has been invested, the same may be assigned, transferred, and made over to the University of Calcutta, to be held upon the following trusts, that is to say, in trust to pay out of the interest accruing due therefrom the annual sum of Rs. 10,000* by equal monthly payments to the Tagore Law Professor, for the time being, and in trusts to apply the residue of the interest in the manner hereinafter mentioned. And I desire that until such sum shall have been so invested and made over as hereinbefore directed, my said Trustees or Trustee shall, either from the proceeds of my personal estate or from the rents, issues, and profits arising from my real property, pay the sum of Rs. 1,000 a month to the University of Calcutta to be applied by the University in the same manner and for the same purposes as the interest to accrue due from the funds which I have hereinbefore directed to be made over to the University. And I declare that the right of appointing a Professor to the said 'Tagore Law Professorship' and removing or dismissing the incumbent therefrom shall be vested in the Senate of the University. And that the first appointment shall be made so as to begin to take effect not later than the end of one year from the date of death; my will is that the 'Tagore Law Professor' shall read or deliver at some place within the town of Calcutta, one complete course of Law lectures without charge, to the students and other persons who may attend such lectures. Within six months after the delivery of each course of lectures, the lectures shall be printed and not less than 500

* The present salary is Rs. 9,000 per annum.

copies thereof shall be distributed * gratuitously. I desire that the expense of such printing and distribution may be defrayed out of the residue of the annual interest of the said fund. Whatever portion of the residue may remain after defraying the expenses, I desire that it may be devoted to the printing and publication of approved works on Law of Jurisprudence. It is my will that the said 'Tagore Law Professorship' shall, save as herein provided, be as to the kind of Law which is to be taught and in all other matters and things regulated by and subject to the control of the Senate of the said University."

The Senate has adopted the following scheme for the lectures :

1. In the month of June in each year, the Faculty of Law shall select not more than three subjects upon one of which the Professor for the following year shall be required to deliver a course of at least twelve lectures.

2. Immediately after the subject or subjects shall have been thus selected, advertisements shall be published in such newspapers as the Syndicate may think proper, stating the subject or subjects so selected and inviting applications from candidates for the Professorship.

3. Candidates shall send in their applications to the Registrar on or before the 1st May following, and each candidate shall forward with his application one hundred copies of a brief synopsis of his proposed lectures, and, if he so pleases, the same number of copies of his introductory lecture.

4. The copies of the introductory lectures and the brief synopses so sent shall be referred to a Committee of the Faculty of Law, consisting of five members to be chosen by the Faculty, who shall consider the same and report thereon to the Faculty, who shall recommend a candidate to the Senate for election.

5. The election of the Professor shall take place in the month of August.

5A. That if no application is received in accordance with Rule 3, or if the Faculty of Law are satisfied, upon the report of the Committee mentioned in Rule 4, that Introductory Lectures and the brief synopses submitted by the candidates do not evince sufficient merit to justify the appointment of any of them as Professor, the Faculty shall take steps to invite a suitable scholar to accept the appointment and to deliver a course of lectures on such subject as may be determined by the Faculty in consultation with him. The name of the person so nominated together with the names of the original applicants shall be submitted to the Senate with a full report by the Faculty on the matter. The Senate shall then elect a Professor or give such further directions as may be deemed necessary.

6. The Professor, whether elected under Rules 5 or 5A, shall, not later than the expiry of twelve months from the date of his election, forward to the Registrar a complete copy (manuscript or type written) of the lectures which he proposes to deliver. The copy shall forthwith be referred to a Committee of the Faculty of Law, consisting of not more than three members to be chosen by the Faculty, who shall examine the same, and, before the expiry of two months from the date of the submission of the copy by the Professor to the Registrar, report to the Faculty whether the work is complete and

* The Syndicate has laid down the following rules for the distribution of the books.

That copies of the lectures be distributed gratis only to such students as shall have attended 75 per cent. of the lectures delivered by the Tagore Professor of Law, and shall have obtained not less than 40 per cent. of the marks in the examination held by him.

ready for the Press. If, upon such report, the Faculty are satisfied that the work is complete, the Professor shall commence to deliver his lectures within three months from the date of the resolution of the Faculty and shall complete the delivery thereof in another three months. The copy of the lectures delivered shall remain in the custody of the Registrar and shall be sent to Press as soon as practicable after delivery thereof.

7. If the Professor fails to submit the copy of the lectures as required by Rule 6 or, if the copy submitted be found on examination to be incomplete and not ready for the Press, the matter shall be referred to the Faculty of Law upon whose recommendation the Senate may either extend the time or cancel the appointment. In the event of the appointment being cancelled, the Senate shall take fresh steps for the appointment of a Professor.

8. The salary of the Professor shall be paid in twelve equal monthly instalments; the first instalment to be paid on the first day of the month following that in which the first lecture is delivered.

GEORGE V PROFESSORSHIP OF MENTAL AND MORAL SCIENCE.

In commemoration of the visit of their Imperial Majesties King-Emperor George V and Queen-Empress Mary to India during 1911 and 1912 His Excellency the Governor-General in Council, on the recommendation of the Syndicate and the Senate of the Calcutta University, was pleased to sanction the foundation of a Professorship to be called the George V Professorship of

Mental and Moral Science. At the Annual Convocation of the Senate in 1912, His Excellency the Chancellor made the important announcement that a recurring grant of Rs. 65,000 per annum would be made by the Government of India to the Calcutta University for the purposes of higher teaching. The Syndicate, thereupon, decided that the University should have a Professor of Mental and Moral Science of its own. No provision existed at that time for the teaching of this branch of knowledge up to the M.A. standard in any of the Colleges in Calcutta, except the Scottish Churches College, where the arrangements for that purpose were likely to be unfavourably affected by the impending retirement of Professor Stephen. Although elaborate Regulations for a course in Experimental Psychology had been framed in 1906, no arrangements were made or could yet be made in any College for the teaching of this increasingly important branch of knowledge. Mental and Moral Science has always had great attraction for Indian students, and important papers dealing with topics under this head have been written by some of the graduates of this University. It was therefore expected that the establishment of a special chair in the subject would stimulate higher study and research on lines likely to prove fruitful. It was resolved that the salary of the Professor be fixed at Rs. 12,000 per annum.

HARDINGE PROFESSORSHIP OF HIGHER MATHEMATICS.

To commemorate the visit of their Imperial Majesties King-Emperor George V and Queen-Empress Mary to India during 1911 and 1912 and their gracious reception of a loyal address from the Calcutta University, His Excellency the Governor-General in Council, on the recommendation of the Syndicate and the Senate, was pleased to sanction the foundation of a chair to be styled Hardinge Professorship of Higher Mathematics. At the Annual Convocation of the Senate in 1912, the important announcement was made by His Excellency the Chancellor that higher teaching would receive fresh impetus from the Government of India, who had decided to make a recurring grant of Rs. 65,000 a year to the Calcutta University. The Syndicate came to the conclusion that the purposes of stimulating higher study and research would be best served by utilising a portion of the Imperial grant for making adequate arrangement for the delivery of post-graduate lectures in Higher Mathematics. Inadequate accommodation in the M.A. and M.Sc. Mathematics classes in the affiliated Colleges and the yearly increasing number of candidates for examination in the subject, since the introduction of the new University Regulations in 1906, convinced the Syndicate of the desirability of founding a Chair in Higher Mathematics. It was resolved that the Professorship be associated with the name of His Excellency the then Chancellor of the University and called the Hardinge Chair of Higher Mathematics. It was also resolved that the Chair should carry a salary of Rs. 12,000 per annum. The Senate also agreed to grant to the first Professor Rs. 3,000 a year as house allowance.

CARMICHAEL PROFESSORSHIP OF ANCIENT INDIAN HISTORY AND CULTURE.

Ancient Indian History and Culture constitutes a branch of study in which research can be carried by the advanced students with every hope of success. Quite apart from guidance in research, it is evident that all M.A. candidates in History should have teaching in Indian History, imparted by a Professor trained in critical methods and acquainted with the results of recent researches. M. A. students in Sanskrit also would undoubtedly be benefited to a great extent by a teaching of this kind. Moreover, there is an ever-increasing number of M. A. students in History, and in the M.A. Course in History, Indian History has, by the New Regulations, been given a special place. In 1912, the number of candidates in History constituted nearly one-fourth of the total number of M.A. candidates. In view of these facts, the Syndicate were of opinion that the foundation of a Chair of Ancient Indian History and Culture was probably the foremost need of the Calcutta University. It was decided that the money for the chair would be met from the sale proceeds of the Sanskrit Matriculation and Intermediate Courses and the Sanskrit Grammar published by the University. It was resolved that the Chair be designated the Carmichael Professorship of Ancient Indian History and Culture and that the salary be fixed at Rs. 12,000 per annum.

PALIT PROFESSORSHIP OF CHEMISTRY.

Among the public-spirited and generous benefactors of the University, the first and foremost rank must be assigned to the late Sir Taraknath Palit, whose princely gift worth about Rs. 1,500,000 in 1912 is unsurpassed in the annals of this or any other Indian University. Out of the income derivable from the Palit endowment, two chairs are maintained, one of which is designated Palit Professorship of Chemistry and the other, the Palit Professorship of Physics. Out of the total value of the endowment, Rs. 100,000 will be set apart for the founding of a Scholarship to be awarded to a distinguished graduate of high attainments and character with a view to enable him to proceed to some foreign University for the purpose of advanced study and research in some special branch of Science. It is expressly stated in the Trust Deed that the object of the founder is the promotion and diffusion of scientific and technical education and the cultivation and advancement of Science, pure and applied, among his countrymen, by and through indigenous agency. The Senate has agreed, therefore, that the chairs will always be filled by Indians (that is persons born of Indian parents, as distinguished from persons who are called Statutory Natives of India). The Professors-elect may, in the discretion of the Governing Body of the University College of Science, be required to receive special training abroad, before they enter upon the duties of their office. It shall be the duty of the Professors (a) to carry on original research with a view to extending the bounds of knowledge, (b) to stimulate and guide research by advanced students, and as an essential preparation for this purpose, (c) to arrange for the adequate instruction of students for the degree of Bachelor of Science with Honours, Master of Science and Doctor of Science and also of other students who may be exceptionally qualified in any of the subjects of study,

although they may not be even under-graduates of any University, provided that they be recommended by the Governing Body constituted as follows :

1. The Vice-Chancellor of the University of Calcutta, *President, Ex-officio*.
2. The Director of Public Instruction, Bengal.
3. The Dean of the Faculty of Science.
4. The Dean of the Faculty of Engineering.
5. Four members of the University, to be annually elected by the Senate two of whom at least shall be representatives of Colleges in Calcutta under Indian management, affiliated in Science to this University.
6. Four members to be nominated every three years by the founder and after his death by his representative or representatives in that behalf as is hereafter provided :

The Founder nominated

Mr. Lokendranath Palit, I.C.S. (since deceased)

The Hon'ble Sir S. P. Sinha, Kt., Barrister-at-Law

The Hon'ble Mr. Justice B. K. Mullick, I.C.S.

The Hon'ble Dr. Nilratan Sircar

to be his nominees on the said Governing Body and they are and each of them is authorized to nominate his or their successor or successors, provided always that the Hon'ble Justice Sir Asutosh Mookerjee shall always be a nominee of the Founder if he has not otherwise a seat on the Governing Body.

The power of nominating a successor or successors shall be inherent in every original or derivative nominee of the Founder.

7. Two representatives of the Professorial staff to be elected by them annually from amongst themselves.

The proceedings of the said Governing Body shall be laid before the Syndicate and may be revised by it.

The following four members have been elected by the Senate to the Governing Body of the University College of Science for the year 1917-18 :—

Babu Ramendrasundar Trivedi, M.A.

Babu Herambachandra Maitra, M.A.

Dr. P. J. Brühl, D.Sc., F.C.S., I.S.O., F.A.S.B.

Rev. Dr. W. S. Urquhart, M.A., D.Phil.

On the recommendation of the Syndicate the following proposals, made by the Governing Body of Sir Taraknath Palit Endowment, regarding the duties and tenure of appointment of Palit Professors, were adopted by the Senate on the 30th January, 1914 :—

- I. That the duties of each of the Professors be specified as follows :—

(1) To devote himself to original research, in the subject in which he has been appointed, with a view to extend the bounds of knowledge.

(2) To stimulate and guide research by advanced students in his special subject in the University College of Science and generally to assist such students in Post-graduate study and research.

(3) To superintend the formation and maintenance of the Laboratory of the College of Science in his own subject.

- II. That the Professors be appointed subject to the following conditions :—

(b) The salary of the Sir Taraknath Palit Professor of Physics be Rs. 800 a month rising to Rs. 1,000 a month by annual increment of Rs. 50.

(2) Each Professor shall be a whole-time officer of the University College of Science and shall not, without the special sanction of the Governing Body and of the Senate previously obtained, hold any other office to which any salary, emolument or honorarium is attached.

(3) The appointment of each Professor shall be permanent, and no Professor shall be liable to loss of or removal from office or to reduction of the emolument attached thereto on any ground whatsoever, subject, however, to the following provisos :

(b) A Professor may voluntarily resign his appointment at any time, upon not less than six months' notice given by him in writing to the Governing Body.

(c) A Professor, on retirement on the ground of *either* attainment of age or of proved ill health, will be entitled to receive a gratuity of one month's pay for each completed year's tenure of appointment, but such gratuity shall in no case exceed a maximum limit of eighteen month's salary.

(d) A Professor shall be liable to removal by the Senate on the ground of misconduct or neglect of duty, if a recommendation to that effect is made by the Governing Body after full inquiry into specific charges brought against him ; provided that at such enquiry the Professor concerned shall be allowed adequate opportunity to defend himself.

(e) Every Professor shall be eligible for the privilege of the regular academic vacations. In the event of a Professor requiring leave on account of duly certified ill health or on urgent private affairs, in addition to the period of the regular academic vacations, the Senate may, on the recommendation of the Governing Body grant leave on conditions analogous to those prescribed in the Civil Service Regulations for officers in the Indian Educational Service.

On the 8th of August, 1913, Sir Rash Behary Ghose, Kt., C S.I., O.I.E., M.A., D.L., Ph.D., offered to place at the disposal of the Calcutta University the munificent sum of ten lakhs of Rupees for the promotion of Scientific and Technical Education and for the Cultivation and Advancement of Science, Pure and Applied, amongst his countrymen by and through indigenous agency, on the conditions, stated in the following letter.

46, THEATRE ROAD,
CALCUTTA.
The 8th August, 1913.

MY DEAR SIR ASUTOSH,

For some time past, it has been my desire to place at the disposal of my University a substantial sum for the promotion of Scientific and Technical Education and for the Cultivation and Advancement of Science, Pure and Applied, amongst my countrymen by and through indigenous agency. I have now decided to make over to the University a sum of ten lakhs of Rupees, in furtherance of the University College of Science, as projected by you with the sanction of the Senate, and my gift to the University will be made on the following conditions :—

First.—That the sum be invested in such approved securities as would produce an income, whenever practicable of four per cent. per annum.

Second.—That four University Professorships or Chairs be established, one for each of the following subjects :—

- (a) Applied Mathematics.
- (b) Physics.
- (c) Chemistry.
- (d) Botany, with special reference to Agriculture.

Third.—That the Chairs mentioned be always filled by Indians (that is persons born of Indian parents as contra-distinguished from persons who are called Statutory Natives of India.)

Fourth.—That the salary of each Professor be as nearly as possible, a sum of six thousand rupees annually, to be paid out of the income of the fund ; but that it be open to the Senate to supplement such sum from the University or other funds at their disposal from time to time.

Fifth.—That the appointments to the Chairs be made by the Senate upon the nomination of the Board to be constituted as stated hereinafter, and the power of removal of Professors by the Senate, if occasion should ever arise, be exercised only after the matter has been considered by the said Board.

Sixth.—That every person elected to one of these Chairs, whether he has been educated in this country or elsewhere, may, in the discretion of the Senate be required, before he enters upon the execution of the duties of his office, to receive special training, during a period of not less than one year and not more than two years, under specialists in Europe, America, Japan or such other place outside India, as the Senate may, in each instance upon the recommendation of the Board, determine ; and that during such period the Professor-elect be paid, from the income of the fund, such allowance as the Senate may, upon the recommendation of the Board, determine, so as to enable him to receive a thorough theoretical and practical training in his special subject.

Seventh.—That it be the duty of each Professor—

(a) to carry on original research in his special subject with a view to extend the bounds of knowledge, and to improve, by the application of his researches, the Arts, Industries, Manufactures and Agriculture of this country ;

(b) to stimulate and guide research by advanced students, and, generally, to assist them in Post-graduate work, so as to foster the growth of real learning amongst our young men.

Eighth.—That eight studentships be founded, each of the annual value of nine hundred rupees, to be paid out of the income of the fund; that such studentships be annually awarded by the Syndicate, on the recommendation of the Board, to distinguished graduates who have taken the Degree of Master in the Faculty of Arts or the Faculty of Science; and that two Students be attached to each Professor, to carry on investigation under his guidance and generally to assist him in his work of original research.

Ninth.—That a graduate who has been elected a Student for any year be eligible for re-election, if his work has been satisfactory, and the Senate may, in their discretion, supplement the stipend payable to any Student, from the University or other funds at their disposal; provided, nevertheless, that a graduate elected to one of those studentships shall devote himself exclusively to research in his special subject, and shall not, so long as he holds the studentship engage in the study of Law or any other branch of professional knowledge.

Tenth.—That, subject to the general principles outlined above, the mode of appointment of Professors, the terms and conditions under which they are to hold office, and the manner in which they are to discharge their duties, as also the conditions on which the studentships shall be awarded, retained, and renewed, be determined by Rules to be framed by the Senate in that behalf, from time to time, upon the recommendation of the Board.

Eleventh.—That the Senate do, on the recommendation of the Board, make adequate provision for Laboratories, Museums, Workshops, Appliances and all other requisites, essential for the due discharge of their duties by the Professors and for original investigation by the Professors and the Students attached to them.

Twelfth.—That whatever balance may remain out of the annual income of the fund, after payment of the salaries and allowances of the Professors and the stipends of the Research-Students, as provided above, be on the recommendation of the Board, applied in the equipment and maintenance of the Laboratories and Museums, in so far as such equipment and maintenance may be necessary for the accomplishment of the work undertaken by the Professors, the Students attached to them, and other advanced pupils, if any.

Thirteenth.—That the Board mentioned above do consist of the following persons, namely :

1. The Vice-Chancellor of the University as *President, Ex-officio*.
2. The Director of Public Instruction, Bengal.
3. The Dean of the Faculty of Science of the University.
4. The Dean of the Faculty of Engineering of the University.

5-8. The Professors of Applied Mathematics, Physics, Chemistry and Botany (appointed as provided above).

9-12. Four members of the University, to be annually elected by the Senate two of whom, at least, shall be representatives of Calcutta Colleges under Indian management, affiliated in Science to the University.

13-15. The nominees of the Founder, namely,

(a) The Hon'ble Justice Sir Asutosh Mookerjee, Kt., C.S.I., M.A., D.Sc., D.L., Ph.D., F.R.A.S., F.R.S.E., F.A.S.B.

(b) Professor Prafullachandra Ray, C.I.E., D.Sc., Ph.D., F.C.S.

(c) The Hon'ble Babu Mahendranath Ray, C.I.E., M.A., B.L.

These nominees of the Founder are and each of them is authorised to nominate his or their successor or successors; and the power of nominating a successor or successors shall be inherent in every original or derivative nominee of the Founder.

The proceedings of the Board so constituted shall be laid before and may be revised by the Syndicate.

This is an outline of the scheme I have in my mind, and I trust you will exert yourself to the utmost so that my long-cherished ambition to promote Scientific and Technical Education amongst my countrymen may be speedily realised. As soon as you send me intimation that the Senate is willing to accept the proposed gift on the conditions mentioned, I shall send you a cheque for ten lakhs of Rupees.

Believe me,
Yours Sincerely,
RASHBEHARY GHOSE.

The princely gift was gratefully accepted by the Senate at a special meeting held on the 16th of August, 1913, on the conditions specified by the donor.

(3) The appointment shall be permanent in the cases of the Professor of Applied Mathematics and the Professor of Chemistry, and shall be for a term of seven years in the cases of the Professor of Physics and the Professor of Botany. No Professor shall be liable to loss of or removal from office or to reduction of the emolument attached thereto on any ground whatsoever, subject, however, to the following provisos :—

University Law College

The history of the foundation of the College is set out in the following minute by the Hon'ble Justice Sir Asutosh Mookerjee, Kt., C.S.I., M.A., D.L., D.Sc., Ph.D., F.R.A.S., F.R.S.E., F.A.S.B., late Vice-Chancellor of the University.-- "The branch of our educational system which stands in need of the most urgent and radical reform is that concerned with the teaching of Law for our Degree Examinations. It is a noteworthy fact that we have not got a single College devoted entirely to the study of Law, as we have in the cases of Medicine and Engineering. When the University was founded in 1857, Law classes were attached to the Presidency College which was, in the main, an Arts College. The number of Law students was comparatively small, and the first Professors employed to teach Law were men of considerable distinction. In 1864, the Government decided to attach Law classes to its College at Hughli, Dacca, Krishnagar, Berhampur and Patna. In each case, a distinguished graduate in Law was appointed on a fixed monthly salary, and the best men available from the ranks of the then new batches of Law graduates were engaged. The classes at all these Colleges were comparatively small, and the teaching imparted was more or less efficient from the point of view of the Law Regulations as they existed at the time. In 1869, similar Law classes were attached to the Colleges at Cuttack and Chittagong, and in 1880, Law classes were attached to the College at Rajshahi. Up to the point of time we have reached, the Law classes were attached only to Government Colleges, and the fees charged were moderately high; in the case of the Presidency College, the fee was five rupees a month in the First-year Class and ten rupees a month in the Second and Third-year Classes; in the case of other Colleges, it was nowhere less than five rupees a month. In 1882, the authorities of the Calcutta Metropolitan Institution applied for affiliation in Law. The application was granted, and as no conditions were imposed, Law classes were opened with a monthly fee of three rupees in the First-year Class, four in the Second, and five in the Third-year Class. The immediate result was that the Presidency College lost the majority of its Law students. Shortly after, the City College was affiliated in Law in 1883. Two years later, the Ripon College was affiliated in Law in 1885 and opened classes at a uniform rate of three rupees, with the result that the other private Colleges were obliged to come down to the same level. About this time, the Government closed the law classes in the Presidency College. Since then, another College has been affiliated in Law in Calcutta, namely, the Bangabasi College, in 1896, and six Colleges in Mofussil have also been affiliated in Law, namely, Cooch-Bihar, Bhagalpur, Midnapur Bankipur, Barisal, and Rangoon. The University, therefore, has at the present time nominally 19 Colleges to which Law classes are attached, but there are really 18 at work, as the Presidency College has had no classes during more than twenty years. The Calcutta Colleges have raised their fee from rupees three to rupees four. In the Mofussil Colleges, the fee ranges from rupees three to rupees six. The classes everywhere in the past were more or less full; but the College which has had the largest number on its rolls is the Ripon College. As regards the efficiency of these Colleges, judged

from the point of view of the requirements of the new regulations, only one opinion is possible; they are nowhere near the mark, and the arrangements made can, at the best, be regarded as nominal compliance with the regulations. The system which has prevailed for many years past in most of the Government Colleges in the Mofussil, namely to pay the Law Lecturer the amount of fees paid by the students, has been suicidal. To take one example, in a Government College situated not very many miles from Calcutta, there was during the last session only one student who paid five rupees a month, and for this sum a Government Pleader, who is the Law Lecturer, is supposed to have taken him through a complete course of Law studies. In Calcutta, where the number of students is very large, the state of things has been just the opposite, and a successful endeavour has been made to turn the Law Classes into as lucrative a business as possible. The object has been gained, practically, by an entire sacrifice of discipline. A class may have on its rolls 150 students; the Lecturer begins at the appointed time, say 8 o'clock in the morning, with a dozen students; after he has lectured for half an hour, students begin to drop in till the class becomes pretty full when the rolls are called. Proper continuity of work is hardly possible under such circumstances. The majority of the students have no books; they do not intend to listen to the lectures; very many of them are employed as Teachers in Schools or Clerks in Offices, and their only anxiety is to get credit for attendance at a certain number of lectures as required by the University Regulations; and it is by no means an unusual incident for a student to get himself marked "present" by a proxy. Not only are the majority of the students irregular and unpunctual in attendance, not only in attendance expressly for the purpose of colourable compliance with the University Regulations—the same laxity characterises, in many instances, the payment of college fees which are often allowed to fall into arrears and are sometimes unrealised and lost to the College. All this laxity encourages our graduates to enter themselves largely as Law students, so that at some future time when occasion may arise or when they may find it convenient they may appear at the Examination on the strength of their attendance at these lectures. This is manifestly contrary to the spirit of the new Regulations. The new University Regulations in Law contemplate a thorough training in all the subjects of the Examination. The number of subjects has been increased by the introduction of important branches like Roman Law, Theory of Legislation, Equity and the English Law of Real Property. The number of lectures to be delivered, to cover the course, is considerably in excess of what was required under the old Regulations. Students are required to attend Moot Courts where legal problems are discussed by them under the presidency of their Professor as judge. This can be done with profit and instruction, only if the students have been taken in small batches and taught by their teachers to study and analyse cases and to deduce legal principles from a first-hand study of important judicial decisions. Then again, in the Examination under the new Regulations 40 per cent. of the marks are to be allotted to the solution of questions framed with a view to test the ability of candidates to apply the more important legal principles to concrete cases. The Regulations provide not only that full credit is to be given for well-reasoned answers to such questions, even though the conclusions happen to differ from the views taken in decided cases, but also that no credit shall be given for bare answers unsupported by arguments. All this implies a far more thorough training than can be obtained by mere attendance at lectures delivered to large classes of students. Indeed, the Regulations assume a thorough grounding in legal principles, and a systematic study of illustrative cases such as can be pursued only in a good Law Library and under the guidance of an efficient teacher placed in charge of a limited number of students. From the point of view of the new Regulations, not one of the Law classes can consequently pretend to make any approach to efficiency. No College has got a good Law Library or a sufficient number of efficient teachers. No attempt is made to enforce discipline among the students.

The Bengal Education Department has realised this and I understand that the Law classes attached to all the Government Colleges in Bengal will be closed from the beginning of the current session. The Government of Eastern Bengal and Assam have also realised the situation, and the Law classes attached to the Government Colleges in the Province will shortly be closed, and will be replaced by a Law School at Dacca, a proposal for the affiliation of which will be submitted to the University by the Director of Public Instruction. So far as the private Colleges out of Calcutta are concerned they cannot possibly satisfy the requirements of the Regulations. So far as the private Colleges in Calcutta are concerned, the authorities of the Bangabasi College have already intimated to the University that they have decided to discontinue the Law classes from the beginning of the ensuing session. So far as the Metropolitan Institution and the City College are concerned, neither of them makes a substantial profit upon the Law classes and if their Law classes are closed, the financial position of the Colleges would not be seriously affected. As regards the Ripon College, with which I shall deal later on, the case is different; this particular College effects a substantial saving upon the Law classes, a portion of which is apparently absorbed in the maintenance of the Arts Department. If the Law classes in the Ripon College are closed, it would mean a substantial loss to the Proprietor. As I have already stated, however, none of the existing Law classes is efficient from the point of view of the new Regulations, and I am not prepared to concede that these Law classes should be allowed to exist either for the maintenance of the Arts classes or for the profit of the Proprietors. Under Section 7, Chapter XIX of the Regulations, the University is called upon to submit the case of each College to the Government of India, and I feel no doubt that neither the Syndicate nor the Senate can, with any sense of self-respect, recommend the continuance of the present system which has been a serious blot on our educational methods for many years past. I invite the University, therefore, to face the situation, and to refuse to countenance any longer what has hitherto prospered under the name of legal education. The only solution of the situation is to close all the Law classes and for the University, to found a Law College, like the law Colleges in Madras, Bombay and Allahabad. The Law Colleges in the other Provinces are owned and maintained by Government; the Law College proposed by me will however, be a University College, though we may thankfully accept any aid which the Government may give. I do not desire it to be understood, however, that I claim any monopoly for the University Law College; as I have already stated, there will be a similar Law School, though on a smaller scale, at Dacca, and I trust that at no distant date, there may be a well-equipped Law School for Behar at Bānkipur. It is not inconceivable also that with liberal endowments, a Law College may be established in some other part of the Province. But whenever or wherever such an institution may be established, and whoever may maintain it, the essential condition for its affiliation to the University must be that it is *bonafide* centre of legal education. I shall now give an outline of my scheme.

The University Law College shall be under the management of a Governing Body of twelve members, constituted as follows:—

1. The Vice-Chancellor, *Ex-officio*, President.
- 2-4. Three Judges of the High Court (to be nominated by the Chief Justice of Bengal in consultation with the Vice-Chancellor).
5. The Advocate-General of Bengal, *Ex-officio*.
- 6-7. One member of the Bar and one Vakil of the High Court. (Both to be nominated by the Faculty of Law).
8. The Legal Remembrancer to the Government of Bengal.
9. The Director of Public Instruction, Bengal.
10. The Principal of the Law College.

If we assume that there will be 150 students in each class, there must be in addition to the Principal, one Professor on Rs. 200 a month, and 8 Assistant Professors on Rs. 150 a month. For a larger number of students, the staff will have to be proportionately increased.

The Principal shall lecture two hours a day, and the Professor one hour a day, during at least 30 weeks in the year (this would include systematic lectures as well as sittings of the Moot Court). The Assistant Professors will take the students in batches of twenty. Each Assistant Professor will, therefore, have under his charge 20 First-year and 20 Second-year students. He will, on alternate days, take the two sets of students to the Library for tutorial work and discussion of cases, during, on an average, 2 hours a day; he will also give the students under his charge regular weekly exercises or subjects for essays which will be corrected and returned. The duty of each Assistant Professor, therefore, will be discussion with the students 2 hours every day and correction of forty exercises a week. Each student will, thus, have 9 hours' lectures a week and 6 hours' work a week in the Library. This, I think, is a very moderate demand to make, and I shall not be surprised if it is found necessary to increase the quantity of work later on. What I have suggested is extremely moderate in comparison with the work demanded from students in Law Colleges elsewhere which has reached a high degree of excellence, for instance, Columbia and Harvard in the United States and Tokyo in Japan. I do not doubt, however, that even the moderate beginning in earnest work which I propose, will reduce the existing number of nominal students who now swell the rolls. In the University College no one, I hope, will take his admission who does not seriously wish to undertake the study of Law, and, for myself, I do not wish any body else to come near the place. No one, I trust, deems it the duty of the University to encourage or countenance a system under which the very first art practised by young aspirants for entrance into a learned and honorable profession in defiance of discipline and evasion of the University Regulations.

The monthly recurring expenditure will be Rs. 2,200 in the first-year. I have estimated the number of students at 300. The tuition fee must, therefore be fixed at Rupees eight a month, which is, by no means, too high, if we consider the quality of training we propose to give. In any event, a Law student, even under the conditions I propose, will have to spend less, and will have a much easier life than a Medical or an Engineering student. I am in a position to add, however, that the Government of Bengal is prepared to make an annual grant, to be devoted to reducing the fees of student by the grant of scholarships at the discretion of the Governing Body; the amount of the grant will be Rs. 35,000 a year for the first five years, and will be subject to reconsideration

- X. One Representative of the Incorporated Law Society.
- XI. The Legal Remembrancer to the Government of Bengal, *Ex-officio*.
- XII. The Director of Public Instruction, Bengal, *Ex-officio*.
- XIII. The Principal of the Law College, *Ex-officio*.
- XIV. The Vice-Principal of the Law College, *Ex-officio*.
- XV-XVI. Two Lecturers of the College to be elected by the staff.

The Members of the Governing Body are appointed annually. They hold office during the academic year for which they are appointed, occasional vacancies being filled up by the Syndicate upon the recommendation of the Body entitled to appoint.

At meetings of the Governing Body, seven Members form a quorum.

The proceedings of the Governing Body are subject to confirmation by the Syndicate.

The staff of the College consists of a Principal, a Vice-Principal and as many Professors as are needed to meet the requirements of the students.

Each of the three years' course will comprise not less than 200 working days. There will be three terms in each year, the first of which will extend from the last week of June to the end of September; the second from the beginning of November to the end of the third week of December; and the third from the beginning of January to the middle of April.

The Governing Body for the year 1917-18 has been constituted as follows :—

Arrangements are made for systematic courses of lectures, tutorial classes, moot courts and regular exercises. Facility is also given to students to read in the College Library after the College hours under the supervision of the Principal or of a Member of the staff.

The College fee is Rs. 7 per month. An admission fee of Rs. 7 is also charged in the case of first admission to the College.

Twelve scholarships of Rs. 10 a month, each tenable for one year, have been established. Four of these are open to competition among students of the First-year Class, four among the students of the Second-year Class and four among the students of the Third-year Class. The scholarships in the First-year Class are awarded towards the end of September upon the results of the College test which is held at the time, those in the Second-year Class are awarded upon the results of the Preliminary Examination in Law, and those in the Third-year Class upon the results of the Intermediate Examination in Law. All these scholarships take effect retrospectively from July.

Twenty-four scholarships of Rs. 6 a month, tenable for one year, are also awarded from the endowment established by the Maharaja of Cossimbazar. Eight of these are open to competition among students of the First-year Class, eight among the students of the Second-year Class and eight among the students of the Third-year Class. They are chiefly open to competition among students graduating from Krishnath College, Berhampur.

Provision has been made for the residence of students who do not reside with their parents or guardians. Such students must apply on or before the 1st July, and students are recommended in all cases to take their admission before the 1st of July.

To the College is attached an extensive Law Library containing numerous sets of Reports and Text-books. The Library is divided into two sections—(A) for reference, (B) for lending. Books in Section (A) may be consulted by students at any time from 9 A.M. to 6-30 P.M. Books in Section (B) may be borrowed by students; no deposit is required, if one volume is borrowed. Those who deposit Rs. 5 are allowed to borrow two volumes at a time.

The College is held in the spacious apartments of the Darbhanga Buildings; ample provision has been made for Reading Rooms.

Arrangements have been made to deliver a course of lectures in the M.L. Classes which have been opened, on Jurisprudence, Roman Law, and Private International Law. The college fee for M.L. Classes is Rs. 8 per month.

All applications for admission are to be addressed to the Registrar, Senate House, Calcutta. Further information as also a detailed programme of the work and Library rules, etc., may be obtained on application to the Librarian, University Law College, Senate House, Calcutta.

At 11 the gate will be locked for the night. The Durwan shall not allow any boarder to enter the Hostel after 11 P.M., unless such boarder had the previous written permission of the Superintendent to stay out later than 11 P.M. Any boarders remaining out later than 11 whether with or without the permission of the Superintendent shall be reported to the Principal.

19. A Conduct Register will be kept by the Superintendent (in accordance with the University Regulations) in which the names of boarders will be entered in all cases of serious misconduct. An entry once made cannot be altered or cancelled.

Complaints to the Superintendent against the menials and others should be made in writing. Boarders shall not take into their hands the task of chastising or punishing the menials. Such conduct will be regarded as misconduct.

20. Boarders are liable to be fined at the discretion of the Superintendent, for the infringement of rules, disobedience of orders and any other form of misconduct. More serious offences will be punished by the entry of the offender's name in the Conduct Register, and in extreme cases, by removal from the Hostel. If the Hostel charges are not paid within the month for which they are due, the names of the defaulters will be automatically removed from the Rolls and will not be restored except upon the special order of the Principal or the Vice-Principal.

21. A form of report for each student will be filled in and signed by the Superintendent at the end of each year (or at the time of withdrawal from the Hostel). A good report will be a condition of continuance in the College, and of admission to the University Examinations.

VI.—WATER AND ELECTRIC INSTALLATION.

22. Students must not bathe anywhere in the 1st, 2nd, 3rd and 4th floors and in the lavatory block of the ground floor.

26. If a room locked from the outside is found with lights on, a *fine of one rupee per day* will be imposed.

27. Bulbs must not be changed by the students. Violation of this rule by a student will make him liable to a fine of Rs. 4.

28. Any breakage or damage to the Electric fittings in the rooms, passages, halls, must be at once reported to the Superintendent who will report to the Registrar. In the absence of a satisfactory explanation the occupant of the room or occupants of the rooms on the floor where the damage has been done will be required to make good the loss. To ensure this being done, each of the occupants of the Hostel will have to deposit Rs. 4 at the beginning of the session, an account being rendered at the end of the session.

29. All assistants and students are expected to co-operate and assist the University in reducing the bills by shutting down the fans and lights when not in use. The Darwans and Chaprasis in each flat and room will be ordered to shut down any fans and lights which are not in use.

Guest's charge at the rate of four annas per meal will have to be paid *in advance*.

The Senate, at a meeting on the 21st July, 1866, accepted Mr. Premchand Roychand's munificent donation, and directed that it should be invested in 5 per cent. Government Securities.

The late Mr. George Sibley, formerly a Fellow of the University, bequeathed all his shares in the Ghosery Cotton Mills Company Limited to the Senate of the University "upon trust to found Scholarships of the value of Rs. 50 per mensem for graduates of the University in Civil Engineering, with power to divert from time to time any portion of the income not exceeding an equal moiety in any other way, which may, in the opinion of the Senate, be better calculated to further the study of Engineering Science among the natives of India." At the time of his death Mr. Sibley owned 225 shares in the above-named Company, their nominal value being Rs. 200 each. Of these, 25 shares had to be sold to meet the claim of the Indian Revenue authorities in England demanding a legacy duty of 10 per cent. of the value of the shares and of the amount of any dividends received or accrued since the testator's death, and to pay the Attorney's bill of costs. The remaining 200 shares, together with dividend warrants for Rs. 800, were made over to the Secretary and Treasurer, Bank of Bengal, with instructions to sell the shares at their market value, and to invest the sale proceeds and the amount of dividends in the 4 (reduced to 3½) per cent. loan of 1865. The Faculty of Engineering at their meeting held on the 22nd March, 1893, recommended to the Syndicate that out of the interest of the above endowment one Scholarship, to be called the Sibley Scholarship, of Rs. 30 a month tenable for two years, be awarded annually (1) to any B.E. at the end of his practical course who attends and works regularly in an electrical laboratory or in an electrical workshop; or (2) to any B.E. who is *bona fide* working in a mine. The selection of the scholar to be according to their standing in the B.E.

Examination, and each scholar to be required to submit to the Registrar a certificate of good conduct at the end of each month. The Scholarship to be forfeited if the conditions on which it is granted cease to be observed.

Scholarships for Study outside India.

REVISED RULES

GOVERNMENT SCHOLARSHIPS TENABLE IN THE UNITED KINGDOM BY INDIANS

No. 399, dated Simla, the 1st May, 1916.

RESOLUTION—By the Government of India, Department of Education.

Three questions of importance have lately been engaging the attention of the Government of India in connection with the policy regarding State scholarships:—

(a) The advisability, in the interest of female education in this country of assisting and encouraging Indian women to receive a medical training outside India in the United Kingdom or elsewhere;

(b) The insufficiency, in some cases, of the existing rates of Government scholarships; and

(c) The difficulty of securing the admission of State scholars to the Universities of Oxford and Cambridge.

2. The importance of (a) has been emphasised by the recent institution of a medical service for women in India. Moreover, the provision of facilities for a course of training in Europe should increase the attractiveness of the study of medicine as well as afford an inducement and an opportunity for the best women graduates to undertake special courses of training abroad. The Government of India have accordingly invited and obtained the approval of the Secretary of State to the grant from Imperial revenues, to an Indian woman graduate of one scholarship annually, tenable in the United Kingdom or, with special sanction, in foreign countries. This scholarship, however, will not necessarily be confined to the study of medicine but will also be available for training in certain other subjects. The general practice will be that while the scholarship will usually be awarded for the study of medicine, it may also be available for a candidate who desires to undertake some other educational or professional course. Further particulars regarding the scholarship will be found in Appendices I and II. The first scholarship will be awarded in 1916.

3. As regards paragraph 1 (b), it has been found that in the case of scholars residing at an Oxford or Cambridge College the allowance of 200l a year is sufficient only to cover the necessary expenses of college life and permits little margin for vacation and other expenses. The existing allowance of 150l in the case of Oriental scholars is also considered inadequate. Hence after consultation with Local Governments and with the sanction of the Secretary of State the Government of India are pleased to announce that—

(a) The value of the two Government of India University scholarships and of the scholarships granted to a male member of the domiciled community

which are mentioned in paragraph 6 (a) and (c) of this resolution shall be raised from 200*l* to 250*l* a year when held in a college at Oxford or Cambridge.

(b) The value of the language or Oriental scholarships which are mentioned in paragraph 6 (d) of this resolution shall be raised from 150*l* to 200*l* a year on the understanding that the holders of these scholarships will in future be required to pay their own University fees; and it will be further increased to 250*l* a year on the same understanding when the scholarship is held in a college at Oxford or Cambridge.

(c) Before a male scholar leaves India his parent or guardian must show that he has sent to the Secretary for Indian students in London a sum of 25*l* for initial outfit expenses. In the case of a technical scholar the sum of 15*l* will be sufficient.

4. With regard to paragraph 1 (c), the difficulty of securing admission to colleges at Oxford and Cambridge is largely due to the late date on which applications for admission on behalf of State scholars are often received. The Secretary of State has recently pointed out that, to ensure success, such applications, accompanied by the requisite testimonials, should reach the Secretary for Indian Students in March or April each year. The importance of the early and punctual submission of the nomination of scholars was therefore brought to the attention of Local Governments and Universities. As will be observed from this Department's letter No. 2428-2432, dated the 24th December, 1913, nominations for University scholarships are required to be submitted in the spring or earlier. The Government of India have been in communication with the Secretary of State regarding this matter and have ascertained that, in cases where delay is inevitable through the necessity of awaiting examination results, arrangements for the admission of scholars to Oxford and Cambridge colleges may be made, provided that the selection is reported to the Secretary of State by telegram early in June and testimonials forwarded during that month. In order that this may be done, the Government of India desire that in the case of all State scholarships application should be received on or before May 15th at the very latest. Nominations submitted after that date cannot be considered, as otherwise the interests of all concerned may be affected adversely. It is hoped that by this means the arrangements made for the admission of State scholars to the English Universities, and especially those of Oxford and Cambridge, will be rendered more effective.

5. For the sake of convenience the present opportunity is taken to supersede and collate all previous resolutions and orders on this subject, and to issue the present resolutions, the appendices to which deal with State scholarships of all kinds held abroad and the rules relating to them. It is proposed, instead of issuing supplementary instructions which may be required in future, to embody them in re-issues of the present appendices. It is thought that this method will be convenient to the public, since enquiries regarding the conditions of these scholarships are frequent.

6. The Government of India have from time to time sanctioned from Imperial revenues the following State scholarships (including that established in this resolution) tenable abroad by students of this country :—

+(a) Two scholarships of 200*l*. to 250*l*. [vide paragraph 3 (a)] to be awarded annually by the Universities (vide the Government of India, Home Department, Resolution No. 1-45-57, dated the 12th February 1886).

(b) Ten technical scholarships of 150*l*. to be awarded annually to statutory natives of India (vide the Government of India, Home Department, Resolution No. 41, dated the 20th January 1904).

(c) One scholarship of 200*l*. or 250*l*. [vide paragraph 3 (a)] to be awarded annually to a male student of the domiciled community (vide the Government

of India, Home Department, Resolution No. 221-238, dated the 19th March 1907).

(d) Two scholarships of 200l. or 250l. [*vide* paragraph 3 (b)] to be awarded annually for the study of Oriental languages, (*vide* the Government of India, Home Department, Resolution No. 731-734, dated the 1st September 1908).

(e) One scholarship of 200l. to be awarded annually to a female candidate of the domiciled community (*vide* the Government of India, Department of Education, Resolution No. 1233-1247, dated the 10th July 1913).

(f) One scholarship of 200l. to be awarded annually to an Indian woman graduate (*vide* paragraph 2 of this resolution).

Further detailed information regarding these scholarships is given in appendices to this resolution.

APPENDIX II.

GENERAL AND SPECIAL RULES GOVERNING THE GRANT OF STATE SCHOLARSHIPS.

General Rules.

(i) Candidates must produce medical evidence of physical fitness to undergo a course of study abroad.

(ii) Except in the case of University scholarships for which (subject to the approval of the Governments of India, Madras and Bombay) the Universities make their own selection, each Local Government is invited to nominate annually a candidate or candidates, as the case may be, and the Government of India select from among those nominated the candidates who appear to them the best fitted to hold the scholarships. For technical scholarships no candidate is to be selected by Local Governments on the result of a competitive examination either open or limited.

(iii) Full details including the name and occupation of the scholar's father and place of birth, a summary of his academic career in India and a statement of the course of study proposed to be followed in the United Kingdom, should be furnished for transmission to the India Office some time before the scholar's arrival in England.

(iv) When nominating candidates already resident in the United Kingdom, Local Governments should give the earliest possible intimation to the Government of India regarding the qualifications of such candidates, the course of study they propose to pursue and their address in the United Kingdom. The Government of India will then communicate these particulars to the Secretary of State, and will await a reply from him before selecting the scholars. The Government of India will transmit to Local Governments the views or instructions received from the India Office at the earliest possible date and, if necessary, by telegram.

(v) Difficulties sometimes arise owing to scholars arriving in England with preconceived plans and ideas based on the advice of educational authorities in India as to the courses of study they should follow and the institutions to which they should secure admission, or owing to a scholar's unassisted efforts on his arrival to make his own plans without a sufficient knowledge of the requirements of the educational institutions in the United Kingdom. To obviate this cause of difficulty arrangements should be made to let the India Office receive in good time any special suggestion that may be made by college professors and other educational authorities regarding the course of training which a particular scholar might follow with advantage.

(vi) Selected scholars should communicate with the local Advisory Committee (in Burma, the local branch of the Burma Society) in order that they may obtain advice regarding certificates, etc., and they should, when proceeding to England, take with them the originals of their certificates, testimonials and other important personal documents suggested to them by the local Secretary to the Advisory Committee.

(vii) State scholars are required to proceed to England within a reasonable time from the date of their selection so as to arrive there not later than the middle of September, and to reside there for the period of their scholarship unless compelled to return sooner in consequence of ill-health. The scholarship will be payable from the date on which the scholars report their arrival in England. Selected scholars will be provided with a second-class passage to England and also with a second-class return passage if they carry out the instructions of the Secretary of State, and complete the full period of residence or are compelled by sickness to return within that period.

(viii) The scholarships carry with them no conditions as to any subsequent career or service under Government and no expectations of such employment are held out..

II—SPECIAL RULES.

(a) *University Scholarships.*

It is open to each University to consider whether a special examination should be held for the selection of the scholars, or whether the selection should be made on the results of the ordinary examinations. If special examinations are held, the regulations which the University concerned may propose to lay down in regard thereto should be submitted for the previous approval of the Government of India, the necessary arrangements for the conduct of the examinations being made under the orders of the University authorities. The candidates for the special examinations, when such examinations are held, must be young men of proved ability, and will be selected by the Vice-Chancellor on the report of the syndicate or governing body, who will in their turn be guided by the opinions of the professors and examiners concerned.

(b) *Technical Scholarships.*

(i) Local Governments will consider what industries are of importance in the province, and which of them may best be encouraged by scholarships, taking care to connect the scholarship scheme with the system of technical and industrial education in the province. Industries in which Indian capital and enterprise are engaged or likely to be engaged are particularly appropriate for selection.

(ii) In the autumn of each year Local Governments consult local bodies, leading firms and selected individuals as to the industry which is to be encouraged, etc., and, as a result of this preliminary consultation, issue a notification (with a copy of the technical scholarship rules) containing full particulars of the scholarship to be awarded, not later than December.

(iii) If Local Governments anticipate difficulty in arranging suitable courses in certain subjects, such as the study of fats, oils and soaps, glass making or the manufacture of sugar, a copy of the notifications is sent to the Government of India, who communicate with the Secretary of State early in January. The Government of India will reserve their final selection for scholarships till they have ascertained from the Secretary of State that suitable arrangements can be made in such subjects. In case courses cannot be arranged in any subject, it may be found convenient for Local Government to mention more than one industry in the notification, so that there may be a certain range of subjects and of candidates from which selection can be made.

(iv) In determining the industry to be studied and in choosing a candidate for the scholarship, Local Governments are required to bear in mind the importance of insuring that the scholar on his return will find scope for his skill and experience. In recommending a candidate for the study of any industry connected with agriculture, Local Governments might with advantage consult the Agricultural Adviser to the Government of India as to the course of training which the selected scholar should undergo.

(v) The subjects excluded from the scope of these scholarships are Law, Medicine, Forestry, Veterinary Science, Agriculture, Civil Engineering and Geology. It is not intended to send scholars either to Europe or to America to study the extraction of alkalis or vegetable oil-pressing.

(vi) Candidates selected for scholarships should ordinarily be of such formed character and habits, and of such an age, that detailed tutelage should be unnecessary.

(vii) The form in which recommendations should be submitted will be found in Appendix III to this resolution.

(viii) If a technical scholar is receiving preliminary training in India, a report upon his work and progress should be forwarded to the Government of India for transmission to the Secretary of State at the end of each year, so that his training in India and in England may be made parts of one considered plan, and that no time may be lost on his arrival in England.

(c) *Domiciled Community Scholarship (Male Candidates).*

(i) The two main principles which govern the grant of this scholarship are :—

(a) that, as the object in view is to assist a scholar to take up a University course in England, the scholarship will ordinarily be awarded to a young man at the close of his school career in India so that he may join the University as far as possible at the same age as boys educated in England;

(b) the scholarship will be given to the scholar who is most fitted to benefit from a course of study at a University.

(ii) In making the selection due regard will be paid to the claims of each province to participate in its turn in the scheme.

(d) *Language or Oriental Scholarships.*

(i) The scholarship will as a rule be awarded to a candidate who has passed examinations in India which will obtain for him admission to a University in Europe as an advanced or research student.

(ii) Some elementary knowledge of French and German should, if possible, be acquired by the scholar before leaving India.

(iii) In the selection of scholars for the study of Sanskrit regard should be paid to the following considerations. As the vast range of Sanskrit literature makes it necessary for a scholar to select some special field of Sanskrit learning in which to specialise the choice of the special branch of study should be made in India and the pertinent preparatory studies completed before the scholar leaves for Europe. Professors of Sanskrit in various European Universities have complained that individual language scholars have been unable to enter at once on the course of study best fitted for them through lack of preliminary knowledge which could quite well have been acquired in India. Accordingly, if a Sanskrit scholar wishes to specialise on :—

(a) Veda or Philology, he should have some knowledge of Latin and Greek;

(b) Philosophy, he should have studied one of the systems of Indian Philosophy in the original texts, and have read some Plato and Aristotle;

(c) Post-Vedic Literature, his reading should have extended considerably beyond the limits of the courses prescribed for the M.A. Examination of an Indian University.

(e) *Domiciled Community Scholarship (Female Candidates) and Scholarship to Indian Women.*

If a selected scholar has friends or relatives in the United Kingdom willing to receive her during vacations, their names and addresses should be forwarded to the Educational Adviser in London.

RULES FOR GOVERNMENT OF INDIA (UNIVERSITY) SCHOLARS IN THE
UNITED KINGDOM.

1. All Government scholars are required to avail themselves of the information and advise which the Secretary for Indian students and the Local Advisers at University centres are in a position to give them, and to apply to their Local Adviser for instructions as regards their studies and in any circumstances of difficulty. The Local Advisers at Oxford, Cambridge, Manchester, Edinburgh and Glasgow have charge of Government scholars studying at those Universities. Scholars studying at other British Universities will be under the charge of the Educational Adviser in London. The Adviser is the proper person to bring before the Secretary for Indian students any matter requiring the sanction of the Secretary of State in Council.

2. Every scholar should on reaching England at once report himself to the Educational Adviser in London at 21, Cromwell Road, S. W. Accommodation for new arrivals is provided in that house. After seeing the Educational Adviser in London, and consulting with him in regard to his course of study, he should also call on the Secretary for Indian Students at the India Office.

3. Every scholar must obey all instructions which he may receive, either through the Secretary for Indian Students or through his Local Adviser, and must consult his Local Adviser regularly in regard to his work. Any course of study which requires and has received the sanction of the Secretary of State will not be changed without similar sanction.

4. Every scholar must from time to time, whenever the Local Adviser requires it, submit a certificate from the proper College or University Authority, showing that his conduct and progress in study have been satisfactory.

5. Subject to a due compliance with the above conditions, the scholar's allowance will be paid quarterly in advance by the India Office to the

Adviser under whose charge he is. It will begin from the date of the scholar's reporting his arrival in England, and the Local Adviser will disburse it to the scholar in such instalments as convenience may dictate. Three months after the date of reporting arrival, the amount to the ensuing official Quarter Day* will be paid to the Local Adviser, and subsequent payments will be made in advance on or after each official Quarter Day. The allowance will be at the rate of 200*l.* a year, except in the case of scholars admitted to the colleges at Oxford or Cambridge, whose allowances will be increased to 250*l.* a year to cover the additional expenses involved.

6. Every scholar is required to lodge with the Secretary for Indian Students at the India Office, London, before his arrival in England, the sum of 25*l.* for initial expenses. He will have no claim to payment of any instalment of his scholarships until this deposit has been made.

7. Charges for University and College fees, for private tuition, for books, hotel bills, medical attendance, and travelling (except the two journeys between England and India), must be borne by the scholar and will not be defrayed by the Secretary of State.

8. The scholarship is granted for three years, unless the Secretary of State in the exercise of his discretion sees reason to terminate it sooner. Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to comply with the Rules here set forth. It may be terminated at any time if a scholar fails in health or conduct.

9. On the expiration of the scholarship a scholar is provided by the India Office with a free second-class passage to India, and he should apply for it without delay through his Local Adviser. He is not entitled to make his own passage arrangements, and to claim an allowance in lieu from the India Office. If a scholarship be forfeited, or if it be resigned before completion of its term, or if the holder of it, on completion of its term, declines to return to India when instructed to do so, the scholar will lose his claim to a free passage back to India.

The scholarship may, for sufficient reasons, be extended beyond two years by the Secretary of State. It may be terminated at any time within the first two years or later, if a scholar fails in health or conduct.

10. On the expiration of the scholarship a scholar is provided by the India Office with a free second-class passage to India, and he should apply for it without delay through his Local Adviser. 3. Every scholar must obey all instructions which he may receive, either through the Secretary for Indian Students or through his Local Adviser, and must consult his Local Adviser regularly in regard to his work. No course of study will be sanctioned which does not provide for an adequate practical training. Any course which has received the sanction of the Secretary of State will not be changed without similar sanction.

4. Every scholar must from time to time, whenever the Local Adviser requires it, submit a certificate from the proper College or University Authority, or from any other Authority under whom he is working, showing that his conduct and progress have been satisfactory.

5. Every scholar must give a written undertaking that he will devote himself exclusively, during the tenure of his scholarship, to the study of the subject for which his scholarship was granted, and that he will return to India on its termination, and there continue to devote himself to the industry which he has studied. Any scholar who neglects his studies, or tries to work for any other profession concurrently, will render himself liable to forfeiture of his scholarship.

6. Every scholar will be required to keep a concise diary, to be submitted at the end of each term to his Local Adviser, and to be forwarded through the Local Adviser at the end of each academic year to the Secretary of State for transmission to India.

7. Scholars will be expected to continue their studies during vacations with the exception of three weeks in each year. Vacation study should, as far as possible, take form of practical work.

8. Plans for vacation work, accompanied by a complete estimate of any extra expenses for fees or travelling involved, should be sent in to the Local Adviser six weeks before the end of any academic term. Scholars are not entitled to any subsistence allowance in addition to the scholarship allowance during time spent on vacation work, but a scholar who receives permission to visit the Continent may, if the Secretary of State for India in Council considers that the circumstances render it desirable, be granted a subsistence allowance calculated at such rate as the Secretary of State may decide.

9. Subject to a due compliance with the above conditions, the scholar's allowance will be paid quarterly in advance by the India Office to the Local Adviser under whose charge he is. It will begin from the date of the scholar's

Every scholar will forfeit his scholarship who, not, being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to comply with the Rules here set forth. It may be terminated at any time if a scholar fails in health or conduct. It may also be extended for a third year or longer, if the Secretary of State decides that such an extension is required to complete the scholar's training.

14. On the expiration of the scholarship a scholar is provided by the India Office with a free second-class passage to India, and he should apply for it without delay through his Local Adviser. He is not entitled to make his own passage arrangements and to claim an allowance in lieu from the India Office. If a scholarship be forfeited, or if it be resigned before completion of its term, or if the holder of it, on completion of its term, declines to return to India when instructed to do so, the scholar will lose his claim to a free passage back to India.

GURUPRASANNA GHOSH SCHOLARSHIP.

The terms of the bequest are given in the following extract from the Will:—

“I direct that my executors shall, after payment of all my just debts and making due provision for the objects hereinbefore mentioned and the costs they are likely to incur in the administration of my estate, sell the rests and residue of such of my estate as consists of landed properties and my jewellery and furniture and make over the proceeds thereof and all monies or securities for poney of which I may die possessed to the University of Calcutta for the following purposes:—namely, that the said University shall, out of the income thereof, send every year or as often as funds will permit either together or alternately pure natives of Bengal to study in Europe, America or Japan the Arts, Sciences and Industries of Europe and America on such conditions and terms as to the said University may seem proper but they must bear in mind my intention which is as follows:—*viz.*, the promotion of real learning amongst our young men so that they may become specialists in some subjects of Arts or Science, the cultivation of the knowledge of agriculture and of the industries of Europe and America or the East.

It is my desire that the University should further my object by awarding fellowships tenable for a certain number of years or in such other way as to the University may seem proper. In the case of boys or young men sent out to learn the industries of Europe, America or the East, or Agriculture, it is my desire that such educational tests be not laid as the condition for the obtaining of fellowships for that purpose as to make it possible for none but graduates to

competent. My object is that young men possessed of energy and such preliminary knowledge as may be necessary should be sent and that the sons of artisans and mechanics following such industry in India may avail themselves of the fellowship. Preference should always be given to Hindus; if the University declines to undertake the work I direct my executors and trustees to discharge the functions themselves and make such arrangements as they think best. I give liberty to my executors and trustees to vary this direction if they think desirable in furtherance of the Tata Scheme, regard being had to the method in which I wish this direction to be carried out."

The following scheme for giving effect to the wishes of the Testator has been adopted by the Senate:—

1. Not less than three scholarships each to be called "The Guruprasanna Ghosh Scholarship;" shall be maintained out of the income of the endowment. Each Scholarship shall be tenable for three years, and one appointment shall be made annually. A scholarship, if tenable in Japan, will be of the annual value of Rs. 1,000; if tenable in Europe or America of the value of Rs. 2,000.

2. Candidates for the scholarships must, under the terms of the Will of the Founder, be "pure natives of Bengal" and "preference shall always be given to Hindus."

3. Application for the scholarships shall be submitted to the Registrar not later than the 1st of August every year. If an applicant has not already passed the Intermediate Examination in Science of this University, or the final examination of a recognized School of Arts or Technical or Agricultural College, he must produce with his application proof that he has attained a knowledge of English and Mathematics up to the standard of the Matriculation Examination and the Physics and Chemistry up to the standard of the Intermediate Examination in Science.

Any person who intends to be a candidate for these scholarships may be examined upon payment of a fee of Rs. 2 for each subject, in English and compulsory Mathematics in the papers set at the Matriculation Examination and in Physics and Chemistry in the papers set at the Intermediate Examination in Science; and if he attains the minimum standard laid down in the Regulations in all or any of the subjects in which he is examined, he shall be entitled to receive a certificate accordingly.

4. Candidates for the scholarships must have completed 18 years on the 1st March in the year in which they apply.

5. The application of every candidate must set forth precisely the institution in Europe, America or Japan in which, if elected to the scholarship, he intends to study, as also the particular branch of Agriculture or the Arts, Science and Industries of Europe, America or the East, in which he desires to specialize.

6. Candidates for the scholarships shall submit to the Registrar, along with their applications:

(a) Certificates for their good conduct from persons of respectability and position with whom they may be acquainted.

(b) Certificates of their Physical capacity to undergo the course of life and study which they will have to follow in the country to which they intend to proceed, signed or countersigned by a medical man holding a degree or diploma of a recognised British or Indian University or Licensing Body.

Candidates must also state whether they have the consent of their families to proceed to Europe, America or Japan.

7. The application shall, in the first instance, be considered by a Committee of the Syndicate, consisting of the Vice-Chancellor and three other

members, upon whose report the Syndicate shall, not later than the 1st September in any year, award the scholarship to that one among the candidates who is best qualified to promote the object of the Founder.

8. The Syndicate may contribute towards the expenses of the passage of the selected scholar such amount as the state of the funds may permit. The Syndicate may also, whenever practicable, contribute towards the return passage of any scholar who has specially distinguished himself in his studies.

9. Every scholar shall, within four weeks of his arrival at the selected place of study, forward a report to the Registrar countersigned by the proper authorities, showing (a) the course of study he proposes to follow, (b) the arrangement made for his residence, supervision and control. Any departure from the conditions to study and residence thus reported shall be duly intimated by the scholar for the approval of the Syndicate.

10. Every scholar shall, at the end of each term at the Institution where he prosecutes his studies, forward to the Registrar a certificate from the proper authorities, showing that his residence, conduct, and progress in study have been satisfactory during the term. The continuance of the scholarship shall depend upon the regular production of such certificate.

11. Every scholar will be liable to forfeit his scholarship who not being disabled by illness or prevented by any other cause which the Syndicate may deem sufficient, fails to complete his studies for three years (in accordance with the terms and conditions set out in his application). If a scholarship be forfeited, the scholar will be further liable to refund the amount, if any, contributed for his passage.

12. Subject to due compliance with the above conditions, the allowance will be forwarded quarterly in advance, by the Registrar, free of all charges, to the chief controlling authority of the Institution where the scholar prosecutes his studies, for payment to him.

13. The Senate may, at any time, upon the recommendation of the Syndicate, alter these rules, consistently with the terms of the Will of the Founder, but not so as to prejudice the holder of any scholarship already awarded.

and maintaining, out of the interest thereof, scholarships for advanced students in Science to enable them to carry on research or investigation abroad, that is to say out of India. The number and value of such scholarships shall be determined by the Governing Body of the University College of Science. The scholarships will be awarded upon the following conditions :—

1. That the recipients of the said scholarships must be very distinguished graduates of the Calcutta University of either sex and must have taken the Degree of Master of Science or Doctor of Science or have been awarded Premchand Roychand Scholarship.

2. That such recipients must be unmarried and must continue so during the period they hold such scholarships, and if they contravene this condition they shall forfeit their scholarships as well as refund the whole of the amount of the pecuniary benefit they have received in respect of their scholarships, with interest at the rate of not more than 6 per cent. per annum.

3. Before proceeding abroad such recipients must insure their lives in favour of the Calcutta University for such amount and in such manner as the Governing Body of the University College of Science may determine and the premium in respect of such insurance shall be payable by the recipients out of the amount of scholarships so awarded to them.

4. The said recipients shall not, during the period they may hold the said scholarships, enrol themselves as members of any of the Inns of Court or attempt to qualify themselves for any of the branches of the legal profession and if such recipients contravene this condition they shall forfeit their scholarships as well as refund the whole of the pecuniary benefit thereunder, as aforesaid, with interest at the rate of six per cent. per annum.

5. No one shall be eligible for the above scholarships, whose knowledge of the language of the country in which his or her researches or investigations have to be prosecuted, is not such as to enable him or her to intelligently prosecute such researches or investigations in that country.

6. The period during which such scholarships shall be tenable shall be determined by the said Governing Body of the University College of Science and it shall be competent to them to extend to such period if they deem such extension beneficial.

8. The right of nomination for any of the aforesaid scholarships shall be with the said Governing Body.

9. The University shall require each of the recipients of such scholarships, before proceeding abroad, to enter into a Bond with them to refund such sum as may be spent for him or her in respect of his or her scholarship together with interest on the total amount spent at a rate not exceeding six per cent. per annum from the date or dates of expenditure within such time and on such conditions as the said University may think fit, provided always that the said University may, in any case, forbear enforcing such Bond as to any part or the whole of the money secured thereby as the said University may in their discretion think fit.

10. Should the said Governing Body at any time be unable, for want of suitable candidates or for any other reason to apply the monies allotted to such scholarships, the University shall accumulate the same and apply the same for the purposes of such scholarships thereafter and all monies recovered under the Bonds aforesaid shall be applicable to the provision of such scholarships as hereinbefore mentioned.

University Buildings.

The University had no local habitation of its own, since its foundation in 1857 till 1872. During this period the University had to transact its business in rented houses. In 1864 the site to the west of the College Street, facing the tank to the south of the Hindu School and the Sanskrit College was selected for the University Buildings. The Public Works Department, Bengal, who was entrusted with the work of constructing the Building on the land, submitted in 1866 an estimate amounting to Rs. 2,52,221 and instructions were issued by the Government of India to take up the work in hand at once. The Buildings known as the "SENATE HOUSE" were completed by the end of the year 1872 at a cost of Rs. 4,34,697 and the University took possession of them early in 1873.

The Darbhanga Library Building has been built on the land to the west of the Senate House at a cost of over Rs. 8,00,000, of which two lakhs and a half have been contributed by the Hon'ble the Maharaja of Darbhanga and the remainder has been met out of Government grant of Rs. 2,00,000 and by a contribution of about double the amount from out of the Reserve Fund of the University. The Building accommodates the University Library, the University Law College, the University Classes in various subjects, the Registrar's Office and also provides Residential quarters for the Principal of the University Law College. The top floor which is utilised for holding the University Examinations accommodates about 700 candidates.

The building on the land, to the south of the Darbhanga Library Building measuring about a bigha and a half, purchased at a cost of Rs. 1,50,000 by the University out of its Reserve Fund has cost the University over Rs. 4,00,000 of which three lakhs have been met out of Government grant of three lakhs and the remainder out of the Reserve Fund of the University. The building has been constructed for the purpose of providing Hostel accommodation to the Hindu students of the University Law College who do not live with their parents or guardians. It has been named "University Law College Hardinge Hindu Hostel," after the name of the then Chancellor of the University, and it provides accommodation for over 150 students. The Hostel is under the direct supervision of the Principal of the University Law College, subject to the general control of the Governing Body of the College, whose proceedings are laid before the Syndicate for confirmation.

The University Press is located in the shed to the immediate west of the Senate House, originally erected to accommodate the Law Classes of the University Law College temporarily, pending the completion of the Darbhanga Library Building to which the College has been permanently removed.

The fish market, known as Madhab Babu's Bazar and situated to the South of the Senate House, has been acquired out of the Government grant of Rs. 8,00,000. The land, measures over 3 bighas. It is proposed to construct on the land a building which will provide Hostel accommodation to University students who do not reside with their parents or guardians and which will also contain Examination Halls and Lecture Rooms.

XI

Maharaja Sir Rameshwar Singh of Darbhanga University Library.

Babu Joykissen Mookerjee, of Uttarpara, made a donation of Rs. 5,000 to the University, on the 20th July, 1869, for the purpose of forming a Library. The amount was invested in 4 per cent. securities till the completion of the University buildings.

In 1874 the sum of Rs. 3,500 was added to the Library Fund from the surplus income of the University of that year; and the Syndicate having thus at their disposal more than Rs. 9,000, appointed a Committee to report on the steps it was advisable to take to form a Library. The Committee reported (see Minutes, Vol. XVIII, page 22) that they thought "if desirable to begin with procuring such books as shall render the Calcutta University Library *Supplementary to the other Libraries now existing in Calcutta.*" The General principles laid down by the Committee, and the mode of procedure they proposed for adoption, were approved by the Syndicate; and further transfers have, from year to year been made to the Library Fund from the surplus income of the University. Several instalments of books have been received, and the Library now contains besides English works of reference, and of the chief authorities on the Indian antiquities, fairly complete sets of the Sanskrit, Arabic, Latin, French and German classics.

In 1908 the Hon'ble Sir Rameshwar Singh, K.C.I.E., Maharaja Bahadur of Darbhanga, made over to the University, a sum of rupees two lakhs and a half for the construction of a building in which the Library might be located. This munificent gift was accepted by the Senate with thanks, and it was decided to name the Library after the Maharaja, who was subsequently nominated an Honorary Fellow for life, as an eminent benefactor of the University.

The following Rules for the management of the University Library have been approved by the Syndicate:—

XII

University Laboratories.

The princely gift of Sir Taraknath Palit, Kt., worth over Rs. 14,000,000 to the University, has enabled the Syndicate to mature their scheme for starting a University College of Science. Out of the income derivable from Sir Taraknath Palit's endowment two chairs are maintained, one for Chemistry and the other for Physics. Four chairs, one for Chemistry, one for Physics, one for Applied Mathematics and one for Botany are maintained out of Sir Rashbehary Ghose's endowment.

The University Laboratory Buildings are complete, and classes in Chemistry have been held since September, 1915. Since the commencement of the session 1916-17 classes in Physics, Applied Mathematics, and Experimental Psychology have been opened.

Department of Applied Mathematics.

The Department of Applied Mathematics consists of two sections, viz. (1) the section for research and (II) the section for teaching the M.A. and M.Sc. classes.

(I)

The research work of the Department is directed by the University Professor, Dr. Ganesh Prasad. During the current session the following researchers are being trained under him :-

- (1) Mr. Bibhutibhushan Datta, M.Sc., University Lecturer.
- (2) Mr. Hariprasanna Banerjee, M.Sc., University Lecturer.
- (3) Mr. Narendrakumar Majumdar, M.Sc., University Lecturer.
- (4) Mr. Nalinimohan Basu, M.Sc., University Lecturer.
- (5) Mr. Sasindrachandra Dhar, M.Sc., University Lecturer.
- (6) Mr. Nikhilranjan Sen, M.Sc., University Lecturer.
- (7) Mr. Harendranath Datta, M.Sc.
- (8) Mr. Jatindrachandra Chaudhuri, M.A
- (9) Mr. Bholanath Pal, M.A

As the work of guiding researchers is of a confidential nature, it has been found necessary to follow the same method of work as prevails at the great centres of Mathematical research in Europe: each researcher is received by the University Professor for a private consultation at least three times a week, the average time spent in consultation with a researcher being 2 hours a week.

The total number of research-papers, issued from the Department, since its constitution in 1914, exceeds twenty, and most of these papers have been contributed to the "Bulletin of the Calcutta Mathematical Society", the "Rendiconti del Circolo Matematico di Palermo", and the "Philosophical Magazine" of London. Many of these research-papers have attracted considerable attention outside India, and some of them have been highly appreciated by experts in Europe and America.

The researchers of the Department derive much benefit from (a) the *University Library* which, in addition to a fairly large number of standard Mathematical treatises, possesses complete sets of all the important Mathematical Journals of England, France, Germany and America, and (b) the *Calcutta Mathematical Society*, which even during the few years that it has been in existence, has managed to gain a recognized position in the mathematical world.

(II)

During the current session, the work of teaching the M.A. and M.Sc. classes is carried on by the following University Lecturers :—

- (1) Mr. Bibhutibhushan Datta.
- (2) Mr. Nalinimohan Basu.
- (3) Mr. Satyendranath Basu.
- (4) Mr. Sudhansukumar Baner
- (5) Mr. Nikhilranjan Sen
- (6) Mr. Sitieshchandra Kar.

In accordance with the special terms of his appointment, Professor Ganes Prasad is under no obligation to take a share in the teaching of the M.A. and M.Sc. classes.

Arrangements have been made for teaching all the optional subjects with the exception of Advanced Astronomy, which is taught in the Presidency College.

Department of Physics.

The Professorial Staff of this department consists of Prof. C. V. Raman, (Palit Professor) and Mr. D. M. Bose, (Ghosh Professor), the latter at present being on deputation to Europe for training. Provision has been made for M.A. and M.Sc. teaching work in all branches of physics, including those (Heat and Thermodynamics, General Physics and Acoustics) hitherto unrepresented in other Colleges. A competent staff of Asst. Professors and Lecturers has been engaged for this work, and for the supervision of the laboratory work of the students. Special attention is paid to the teaching of Mathematical Physics, and to enable this to be efficiently carried out, the department of Physics has been strengthened by the part-time assistance of three specially-selected members of the Applied Mathematics Staff, who have all made a special study of physics, and one of whom, Mr. Sudhansukumar Banerji (Premchand Roychand Scholar), has already published several original papers, dealing with Mathematical and Experimental Physics, in the *Philosophical Magazine* and other Journals. The Asst. Professors and Lecturers are encouraged to specialize in different branches of physics and to engage in original work in the particular subjects taught by them, so as to help the University Professor in creating an atmosphere of higher studies and research and thus stimulate the students working in the laboratory to take a real interest in this work. Considerable progress has already been made in this direction and further progress is hoped for, as soon as the severe handicaps imposed by the war on the purchase of physical apparatus and materials are removed.

Special rooms have been set apart for the private laboratories of the University Professors, and one of the large rooms is being fitted up as a special research laboratory for the Sir Tarakanath Palit and Sir Rashbehari Ghosh research scholars.

The department of Experimental Psychology was opened in 1916. The laboratory was put in order for work leading to the degree of Master of Arts and Science in March 1917. The equipment is not yet complete and extensions in the directions of Animal and Child Psychology are in preparation.

The maximum number of regular students to whom facilities can be given for work in the laboratory is ten.

There has been no opportunity for original research in the laboratory during the brief period of its existence. But it is hoped that arrangements will be completed before long to enable teachers and graduates of the department to engage in research work.

Presidency College, Calcutta.

His Excellency the Right Hon'ble Lawrence John Lumby Dundas, G.C.I.E.,
Governor— Visitor.

AFFILIATED, 1857.

The Presidency College was established on the 15th June, 1855, under orders from the Honourable the Court of Directors of the East India Company. The circumstances of its establishment connect it closely with the Hindu College or Mahavidyalay, founded by a number of Hindu Gentlemen, aided by Sir Edward Hyde East, Chief Justice of the Supreme Court, and opened in January, the 20th, 1817. This origin connects the Presidency College with the Hindu and Hare Schools, and more specially with the former which continues the Junior Department of the Hindu College as Presidency College continues the Senior. The Graduate Scholarships attached to the Presidency College, of which particulars are given below, are a consequence of this connection, being derived from the Hindu College Fund.

Presidency College is thus in its beginnings carried back to the first efforts to promote liberal education in British India and is associated with David Hare and Raja Rammohan Ray who were the inspirers of the movement which led to the foundation of the Hindu College.

From 1855 to the present year the Presidency College has been administered by the Education Department under the Director of Public Instruction, Bengal. In 1909 a Governing Body was constituted in accordance with Chapter XIX of the University Regulations and met for the first time Tuesday, March 8th, 1910.

In December, 1914, His Excellency Lord Charnick, first Governor of Bengal, became the Official Visitor of the College, a title which H. E. Lord Ronaldshay has also consented to accept.

Courses of Study.—Presidency College is affiliated up to the M.A. Examination in English (Group A only), History, Philosophy and Political Economy, and to the M.A. and M.Sc. in Mathematics (Mixed), Physics, Chemistry, Physiology and Botany. Courses of study are also carried on for the M.Sc. Degree in Geology, by University Lecturers on the staff of the College.

The College is further affiliated to the B.A. Honour stage in Sanskrit, Pali, Persian and Arabic and in Vernacular Composition and to the B.Sc. Honour stage in Geology.

Admission.—Presidency College since its foundation has been open to all classes of the community, the only condition of eligibility being compliance with the requirements of the University. Since 1907, owing to increase of numbers and in conformity with the letter and spirit of the new Regulations introduced in 1906, admissions have been strictly limited by consideration of space and efficiency of teaching.

The limit fixed for the under-graduate classes is a total of 650, distributed as under :—

	Arts.	Science.
1st-year	65	65
2nd „	80	85
3rd „	75	80
4th „	100	100

For the M.A. and M.Sc. classes the following limits have been adopted.

English	40
Philosophy	25
History	20
Political Philosophy	30
Mathematics	25
Chemistry	13
Physics	18
Geology	16
Physiology	6
Botany	12

More particular information as to conditions to admission and choice of subjects is obtainable on application to “The Dean, Presidency College.”

The admission is in all cases understood as implying an undertaking to submit willingly to the rules and discipline of the College.

Fees.—The fees to be paid by ordinary students are an admission fee of Rs. 10; a monthly tuition fee of Rs. 12; and an annual athletic and Magazine subscription of Rs. 3. For junior scholarship-holders the tuition fee is Rs. 10 a month.

Tuition fees are payable monthly in advance and are due for 12 months reckoning from June to May. Two months' fees are consequently due at the beginning of the session (July) and are payable before admission.

Mahomedan Students.—Special privileges are enjoyed by Mahomedan students as a result of the connection between the Presidency College and the Calcutta Madrasah established in 1888 whereby the students of the F.A. Classes of the Madrasah attend lectures at the Presidency College.

As a result of the recent orders of Government, the previous arrangements relating to the limit to the admission of Mahomedan students, have been considerably modified and Mahomedan applicants have now been allowed the privilege of admission to the 1st-year Class up to a limit of 40 each year, provided they conform to the standard of educational fitness prescribed by the college (1st or 2nd division at Matriculation) and the tuition fee paid by these students for the two years of the Intermediate Course is Rs. 5. The admission fee is also the same. This privilege is also granted to the Mahomedan students of the 3rd and 4th-year classes to the limit of twenty for the two classes.

Mahomedan students in classes higher than the Intermediate receive assistance to the extent of half fees from the Mohsin Fund, in addition to the privilege mentioned above, but the number of receiving assistance is limited strictly by the amount of the grant assigned to the College from the Fund.

Mahomedan students pay the same athletic and magazine subscriptions as other students.

Hostel.—The Eden Hostel for the residence of Hindu students of the College accommodates 260 boarders. Information as to conditions of admission and terms and residence is obtainable on application to “The Superintendent, Eden Hindu Hostel.”

This Hostel was originally founded by public subscriptions, the of Raja Mahishadal being the principal contributor. At first other students than Presidency College students were admissible, though students of that College always formed the great majority of the boarders. Since 1905, it has been an attached hostel of the Presidency College in conformity with Chapter XXIV of the Regulations. The new wing was added at Government expense in 1895, and Government has always borne the maintenance.

Tutorial Work.—There is individual tutorial work in English (generally essay-writing) in all classes and as far as practicable in other subjects.

College Examinations.—A college Examination of the First and Third-year students is held each year at the end of March to determine fitness for promotion to the Second and Fourth-year classes.

Class exercises are set throughout the four years of the under-graduate course in all subjects, Arts and Science (including practical examinations). Regular attendance at these exercises is regarded as part of the student's duty and will be taken into account in estimating his claim to a certificate of good conduct.

Progress during the second year of the Intermediate, B.A. and B.Sc. courses will be judged entirely from tutorial work, practical work and class exercises; and students will only be sent up for the University examinations if their progress is satisfactory.

Vacations.—The recognized vacations are: The long vacation, approximately 11 weeks between the middle of April and the beginning of July. The Durga Puja vacation, approximately 4 weeks between the Rains and the Cold weather.

Scholarships and prizes.—Several scholarships, awarded out of the income of the Presidency College Graduate Scholarship Fund, are attached to the College. The fund originated with the subscriptions contributed in 1816 for the Hindu College. In 1863 it was amalgamated with three hitherto separate funds, which commemorated men eminent for their services to the cause of education. The scholarships are tenable by graduates of the Presidency College in Arts or Science for two years after taking the B.A. or B.Sc. Degree, and have since 1909 been divided into two groups of five and six scholarships, respectively, awarded in alternate years.

FIRST GROUP.					Rs. per month.

2.	Bird Scholarship of	40
3.	Gopimohan Tagore Scholarship of	30

2.	Ryan Scholarship of	40
3.	Hindu College Foundation Scholarship of	40
4.	Do. Do. Do.	30

The Burdwan and Gopimohan Tagore Scholarships commemorate two of the original subscribers to the Hindu College Fund. The Bird, Ryan and Dwarkanath Tagore scholarships were founded later as testimonials in honour of Mr. W. Bird and Dr. Ryan (1845-46) and Babu Dwarkanath Tagore (1849).

Three free studentships are provided out of the endowment of the late Maharaja Durgacharan Law, C.I.E. These are at the disposal of the founder's

heirs subject to the conditions recognized as qualifying for admission to the College.

Two gold medals called the Scindhia Medals and a Prize called the Gwalior Prize are awarded annually on the results of the Intermediate Examinations in Arts and Science. They were the gift of H. H. the Maharaja Scindhia in 1870.

A prize for Sanskrit called the Harischandra Kaviratna Prize is also awarded on the results of the Intermediate Examination in Arts. It was founded in 1908 by subscriptions from pupils in memory of Babu Harischandra Kaviratna, for many years Professor of Sanskrit at the Presidency College.

Two scholarships of the value of Rs. 12 a month each, tenable for two years, are awarded annually to Hindu candidates on the results of the Intermediate Examination in Science and the Bachelor of Science Examination. A prize of the approximate value of Rs. 54 is also awarded annually to the Hindu student of the Second-year Intermediate Science class who shall produce the best laboratory notes on experimental work in Physics. They were founded in 1912 by the executors to the estate of Srimati Nistarini Das, deceased, widow of late Bolyechand Dutt of Calcutta.

A gold medal called the Chandranarain gold medal founded in the year 1915 by Srimati Ramkumari Debi in memory of her husband the late Ray Chandra Narain Sinha, M.A., is annually awarded to the student of the college who stands first among the Presidency College candidates in History at the M.A. Examination.

Hughli College.

AFFILIATED, 1857.

This Institution was founded in 1836, and was originally supported from funds bequeathed by Muhammad Mohsin, a wealthy Mahomedan gentleman, who dying without heirs in the year 1806, left his large property, yielding an annual income of Rs. 45,000 to Mahomedan Trustees "for the service of God." Owing to the misappropriation of the funds, Government assumed the office of Trustees. The right of assumption was opposed by the original Trustees but upheld both by the Courts in India and by the Privy Council in England. The period of litigation extended over many years, during which the annual income accumulated, forming a surplus of Rs. 8,61,100. The surplus was devoted to the foundation and endowment of the Hughli College and was further increased by a portion of the original zemindaree that became available on the death of one of the Mootawallees of the Hughli Imambarah, an Institution which also derives its support from Muhammad Mohsin's legacy. The College endowments were further increased by the accumulation of unexpended revenue until the income amounted to Rs. 51,000 per annum. In 1873 the Government of India resolved to transfer the whole of the Mohsin endowment to the purpose of Mahomedan education throughout Bengal, and accordingly increased the provincial assignment for education in Bengal by Rs. 50,000 a year in order to meet the expenses of the Hughli College which has now become an Institution maintained by Government.

HUGHLI COLLEGE.

The College consists of two Departments, an English and an Arabic—and is under the control of the Director of Public Instruction, Bengal. The English Department is open to all students who have passed the University Matriculation Examination, the fees being generally three rupees per mensem for poor and deserving Mahomedan students and Rs. 6 for all others.

There is a Governing Body for the College of which the Commissioner of the Burdwan Division is *ex-officio* President, and the Principal, *ex-officio* Vice-President and Secretary.

The College has, for the present, arranged to teach English, Physics, Chemistry, Mathematics and Vernacular Composition, for the Intermediate in Science, and for the Intermediate in Arts, English, History, Sanskrit, Persian, Logic, Mathematics, Physics, Chemistry and Vernacular Composition.

For the B.Sc. provision has been made for teaching Mathematics (Pass and Honours), Physics (Pass) and Chemistry (Pass).

There are two Hostels attached to the College one for the Hindu students and the other for the Mahomedan students. There is another Mahomedan Hostel attached to the Madrasa, in which the boarding fee is Rs. 3-8 subject to enhancement, according to enhanced rates of food articles.

Krishnagar College.

AFFILIATED, 1857.

This College was founded by Government in 1845, and is under the control of the Director of Public Instruction, Bengal. There is a Governing Body of which the District Judge of Nadiya is the *ex-officio* President, the Principal of the College is the *ex-officio* Vice-President and Secretary, and one of the staff a member. Government has added a fourth (non-official) member in 1915.

Any person who has passed the University Matriculation Examination may be admitted. Students pay an admission fee of Rs. 5, a monthly tuition-fee of Rs. 5 and game and common Room fees of Rs. 2 annually.

The College stands upon an enclosed compound of upwards 100 bighas. It occupies two buildings, one big and the other small. The big one which is the Main College Building is a handsome structure standing upon three bighas of land. It was erected in 1856, at a cost of Rs. 66,876, Rs. 17,000 of which was collected by private subscriptions.

The smaller building is a later addition in which the Chemical Laboratory is located. Part of the ground occupied was purchased by Government; for the remainder the College is indebted to the munificence of the Maharaja of Nadiya and the Maharani Swarnamayee, C.I.E. of Cossimbazar.

In 1871 the B.A. Classes were abolished by Sir George Campbell, the then Lieutenant-Governor of Bengal; and for some years the College only afforded

instruction up to the First Examination in Arts. In 1875, however, Sir Richard Temple, on the petition of the chief inhabitants of the district, consented to restore the College to its former status provided that a considerable share of the increased cost was subscribed by the community. A sum amounting to more than Rs. 40,000 was subscribed during the year and with this endowment B.A. classes in the B Course were opened. Classes for the A Course for the B.A. were opened in June, 1888.

The College is affiliated in I.A. standard in English, Bengali Composition, Sanskrit, History, Logic, Mathematics, Physics and Chemistry, and in I.Sc. standard in English, Bengali Composition, Mathematics, Physics and Chemistry.

The College is further affiliated to the B.A. standard in English, Bengali Composition, Sanskrit (Pass and Honours), History, Mathematics, Persian, Economics, Physics and Chemistry, and to the B.Sc. standard in Mathematics, Physics and Chemistry.

A prize of Rs. 80 founded by Babu Mohinimohan Ray, in 1883, and called the Mohinimohan Ray Prize, is awarded annually to the student who most successfully passes the B.A. Examination with Honours, or to a graduate of the College who passes the M.A. Examination in any subject.

Another prize of Rs. 8 founded by Babu Syaniacharan Maitra and called "The Smith and Macdonell Prize" is annually awarded to the student who most successfully passes the I.A. or I.Sc. Examination and prosecutes his studies for the B.A. or B.Sc. Examination in the Krishnagar College.

Another Prize of Rs. 8 called the Livingstone Memorial Prize is awarded in commemoration of the late Principal W. B. Livingstone, to the student who passes in all the subjects and secures the highest marks in the annual examination of the 3rd-year Class.

The College Endowment Funds now amount to Rs. 75,100.

There is a Hindu Hostel attached to the College, which is under the direct control of the Principal and is managed by a Superintendent who is a Professor and an Assistant Superintendent who is also the Gymnastic Master.

Twenty free-studentships are attached to the College, of which four are Government and three created by Babu D. N. Singha Ray, Zamindar of Nakaashiparn, (Nadia).

The Krishnagar College has been created a centre for Bachelor Degree (Theoretical) Examinations since 1912.

Krishnath College, Berhampur (Late Berhampur College).

AFFILIATED, 1857.

The older Gazetteers are unanimous in recording that a "British" College was opened in Berhampur in 1826, but the College, as we know it, was opened in 1853. The foundation stone of the building, one moiety of the cost of which was paid by the community was laid in 1863, and the building came into use in 1869, when the Institution became a first grade College in Arts. A Law Department had been added in 1864. The status was, however, reduced in 1872 to that of a second-grade College and the Law Department was abolished in 1875. The Institution again became a first-grade College with a Law Department attached in 1888. It is open to all classes of the community.

In pursuance of the policy recommended by the Education Commission and adopted by the Government of India, the Bengal Government decided in 1886 to transfer the Berhampur College to private management. The munificent offer of the late Maharani Swarnamayi, C.I.E., of Cossimbazar, to maintain the College for five years was accepted. Accordingly by a Bengal Government Resolution, dated the 14th May, 1887, the control of the college, administrative and financial, was vested in a Board of Trustees. Since the Maharani's death in 1898, the College has been financed by her nephew and successor, Maharaja Sir Manindrachandra Nandy, K.C.I.E., of Cossimbazar. In 1905, the College was handed over by a deed of transfer to the Hon'ble Maharaja Sir Manindrachandra Nandy, K.C.I.E. of Cossimbazar, with a Board of Management, consisting of the Maharaja as President; the District Judge, the District Magistrate and the Inspector of Schools, Presidency Division, as *Ex-officio* Members; and Rai Baikunthanath Sen, Bahadur.

For the internal management of the College there is a Committee of Management consisting of all the members of the Board, the Principal and two members of the professorial staff.

Scholarships.—(1) Scholarships numbering two and three in alternate years called the Berhampur College Scholarships, of the monthly value of Rs. 8 each tenable for two years in the B.A. classes of the Institution, are awarded on the results of the Intermediate Examination to students taking up an Honours Course for the B.A. Examination. (2) The Kennedy Scholarship of Rs. 4 a month, founded by public subscription in Honour of J. Kennedy, Esq., formerly a Collector of this District, is awarded to the successful Intermediate candidate from this College who stands next to those obtaining Berhampur College or Government Scholarships. It is tenable for two years in the B.A. classes of the Institution. (3) Five Rajib Scholarships of Rs. 4 a month each founded in commemoration of the donor, the late Rai Rajiblochan Ray, Bahadur, the Benevolent Dewan of the late Maharani Swarnamayi, are awarded to the first five successful Matriculation candidates from the Berhampur centre. They are tenable for two years in the Intermediate classes of the Institution. (4) The "Girish Narain Roy Scholarship" of Rs. 8 a month, founded in 1907, by Babu Girishnarain Roy of Lalgola, is awarded to the best Matriculation candidate from the Berhampur centre. (5) The "Kadambini Scholarship" of Rs. 3 a month, tenable for two years in the B.A. classes was established by Srimati Kshirodkumari Dasi of Berhampur, in honour of her late mother Kadambini Dasi. (6) The "Harasankar Studentship" of Rs. 4 a month is awarded for one year only to a student securing highest marks in Sanskrit at the I.A. Examination from this College, and taking Sanskrit in the B.A. It was established in the year 1908 by Babu Nilmani Bhattacharyya of Berhampur, in deference to the last wishes of his father, the late Babu Harasankar Bhattacharyya. (7) Four Scholarships named "Ranee Dintarini Scholarships" founded by Raja Jogendranarain Roy of Lalgola in memory of his late wife, Ranee Dintarini, were established in the year 1908. Out of the four Scholarships, two of the value of Rs. 6 per mensem, are to be enjoyed by two First-year students who pass the Matriculation Examination from the Berhampur Krishnath Collegiate School, and secure the highest number of marks without obtaining Government Scholarship; and two of the value of Rs. 8 per mensem, are to be enjoyed by two Third-year students, who pass the Intermediate Examination from the Berhampur Krishnath College, and secure the highest number of marks without obtaining Government Scholarship.

Medals.—Two gold medals, named, after their donors, Babu Baikunthanath Sen and Rai Srinath Pal Bahadur, are awarded to the students of this College passing the degree Examination with Honours in English and Science, respectively. A silver medal, named the Mackenzie Medal, founded by late Rai Mukundalal Barman, Bahadur, in commemoration of His Honour Sir Alexander Mackenzie's visit to this District in February, 1898, is awarded to the student, who stands highest from this College in the B.A. Examination with Honours. A silver medal named the "Harasankar Medal," founded by Babu Nilmani Bhattacharyya, is awarded to a student, securing highest marks in Bengali at the Intermediate Examination from this College.

Free Studentships.—All Government scholars and students holding "Berhampur College" and "Kennedy" Scholarships receive tuition free. A limited number of free and half-free studentships is also awarded to poor and deserving students by the Maharaja of Cossimbazar. Through the liberality of the late Raja Asutosh Nath Roy of Cossimbazar, the Principal enabled to provide a few additional free and half-free studentships to the extent of Rs. 36 a month.

The Scottish Churches College, Calcutta.

[IN WHICH ARE INCORPORATED THE GENERAL ASSEMBLY'S INSTITUTION
AND DUFF COLLEGE.]

In 1830 the Reverend Alexander Duff founded in Calcutta an Institution for the propagation of the Gospel through education, at once liberal and religious on Western principles and with English as the medium of instruction in the higher classes. This he named the General Assembly's Institution, because it was founded under the direction of the General Assembly of the Church of Scotland, whose first missionary he was. Its success was immediate and great. Again, in 1843, when Dr. Duff and his colleagues cast in their lot with that

party in the Church which separated itself and formed the Free Church of Scotland, they founded another College under the name of the Free Church of Scotland Institution, on the same principles and with similar success. To the name of this second institution the title of Duff College was added after the death of that illustrious man.

During recent years the separated branches of the Church in Scotland have been desiring and aiming at co-operation and even reunion. Thus the demand for increased efficiency in Indian education and the evident wisdom of concentrating their efforts in one Institution, found them ready to take the decisive step of incorporating their separate Colleges in Calcutta in one. Accordingly, from the first day of June, 1908, the General Assembly's Institution and the Duff College ceased to maintain separate existence, and are now united as "The Scottish Churches College" working under the Scottish Churches Mission, with a Mission Council in Calcutta and a Board of Trustees in Edinburgh.

Affiliation The Scottish Churches College is affiliated up to the B.A. Pass and Honours standards in English, Mathematics, Physics, Chemistry, Sanskrit, History, Philosophy, Political Economy and Political Philosophy. Of the vernaculars Bengali and Hindi are taught.

It is affiliated up to the M.A. standard in Philosophy.

It is affiliated up to the B.Sc. Pass and Honours standards in Physics, Chemistry and Mathematics.

Fees.—The annual fee of every class is Rs. 72 payable in monthly sums of Rs. 6. The admission fee is Rs. 6 and the transfer fee Rs. 6. A special annual Laboratory fee of Rs. 12 is payable in monthly instalments of Re 1 for each subject taken up in Experimental Science.

SCHOLARSHIPS AND PRIZES.

The Metropolitan Institution.

AFFILIATED, 1879.

This Institution consists of a College and a School. The College is affiliated under the new Regulations up to the standard of the Intermediate Examination in Arts, in English, Bengali Composition, Sanskrit, Pali, History, Logic, Mathematics, Physics, and Chemistry and in I.Sc., in English, Bengali Composition, Mathematics, Physics and Chemistry; up to the standard of the B.A. Examination in English (Pass and Honours), Bengali Composition, Sanskrit (Pass and Honours), Pali, History, Mental and Moral Philosophy, Political Economy and Political Philosophy, Mathematics (Pass and Honours), Physics and Chemistry; and up to the standard of the B.Sc. Examination in Mathematics (Pass and Honours), Physics and Chemistry.

By arrangement with the Indian Association for the Cultivation of Science students who take up Botany for the I.A. or I.Sc. Examination are also admitted.

The main School is held in premises contiguous to those of the College. It has two branches, one at Bowbazar and the other at Barabazar.

The Institution in its present form, at any rate, was the handiwork of Pandit Iswar Chandra Vidyasagara. It was the first attempt to impart high education through a purely indigenous agency and was conducted in a way that was characteristic. He gave it a costly local habitation and endowed it with a valuable Library and Laboratory. In recent years extensive improvements have been made in the Physical and Chemical Laboratories and two large lecture-theatres provided with gas and water fittings have been constructed, one—for the teaching of Physics and the other—for the teaching of Chemistry.

It has a large Collegiate Hostel which provides accommodation for nearly 200 boarders, several "Attached Messes," a Literary and an Athletic Club.

Six annual cricket prizes called the "Hardinge Prizes" have been instituted, with the sanction of the Viceroy and Governor-General of India, two in each department of the game, in commemoration of His Excellency's visit to one of the College Messes. Students of the College and boys of the attached Schools are eligible for these prizes.

Since the death of Pandit Iswar Chandra Vidyasagara in July, 1891, the management of the College has changed hands more than once. Since the 1st September, 1896, it has under an agreement with the Vidyasagara Institute been vested in a Committee called the College Council, composed mainly of the Professors of the College. At present the Council consists of Babu Saradaranjan Ray, Vidyavinod, M.A., Mr. J. R. Banerjea, M.A., B.L., Profs. K. K. Bhattacharyya, K. L. Nag and M. Ray, Pandit Narainchandra Vidyaratna, son of the late Pandit Iswar Chandra Vidyasagara, and Babu Lalitchandra Mitra, M.A., Secretary, Vidyasagar Institute. Mr. S. Ray is its President and Mr. J. R. Banerjea is its Secretary.

The annual tuition fee is Rs. 48 for the I.A. classes, except when Physics or Chemistry is taken up when the fee is Rs. 60; that for the I.Sc. classes is Rs. 60, that for the B.A. is Rs. 60, except when Physics or Chemistry is taken up the fee is Rs. 72 and that for the B.Sc. is Rs. 72. Exemption from payment of the full fees is granted in special cases. The fee for admission in the case of I.A. and I.Sc. students is Rs. 4 and in the case of B.A. and B.Sc. students Rs. 5.

The number of students on the rolls rapidly increasing, it was within two months of the foundation, raised to the status of the High School with an endowment of Rs. 150 a month settled upon it by the founder. In the year 1887 in commemoration of the Jubilee of Her late Gracious Majesty's reign, it was converted into a Second Grade College, and in 1890 made a First Grade College, with a Law Department. The total amount of endowment granted by the founder and his son is Rs. 200 a month. But that proving inadequate for the management of the College the public spirited Kumars of Banaili have undertaken to meet all deficits till arrangements for settling handsome property on the Institution are complete. Since June, 1913, the College has been in receipt of a Government Grant-in-aid of Rs. 1,000 a month.

The tuition fee for the B.A. Classes is Rs. 6 and for the Intermediate in Arts and Science Classes Rs. 5 only. The admission fee and the transfer fee are the same as tuition fee.

The College enjoys one Scholarship: The Bayley Scholarship of Rs. 10 a month tenable for two years. It is the gift of late Rai Tej Narain Singh, Bahadur and recently according to the wishes of Mr. Deep Narain Singh, it has been divided into two scholarships of Rs. 6 and Rs. 4 each carrying with it a half free studentship. They are awarded to the two best boys of the Collegiate School who have failed to secure Government Scholarships.

The Institution is under the control of a Managing Committee of which the President is the Commissioner of the Division, *ex-officio*. It owns a spacious building erected at the cost of the founder and his son. There are five Hindu and one Mahomedan Hostels attached to the College.

The College possesses a fine Library and a well equipped Laboratory with arrangements for practical work in Physics and Chemistry.

The College is affiliated in English, Sanskrit, Persian, Logic, History, Mathematics, Chemistry, Physics and Vernacular (Hindi, Bengali and Urdu) in the Intermediate in Arts and Science; and in English, Philosophy, History, Political Economy and Political Philosophy, Sanskrit, Persian, Mathematics, Chemistry and Vernaculars in the B. Behar National College, Bankipur.

AFFILIATED, 1889.

This Institution was started as a School, teaching up to the Entrance standard, in the year 1883, by Babu Bisweswar Singh, Zemindar of Kulharya, in the district of Shahabad, with the object of wider diffusion of high English education among the people of Behar and of bringing it within the reach of men not in affluent circumstances. The success which attended the first few years of the infant Institution encouraged the proprietor to raise it to the status of a College teaching up to the standard of the F. A. Examination and it was affiliated to the Calcutta University with the name of the Behar National College in September, 1889.

In the year 1892, this Institution was raised to the B. A. standard and a Law Department was added to it in which instruction was given for the Pleadership and B.L. Examinations. The Law Department has been abolished. The College is now affiliated up to the I.A., I.Sc., B.A. and B.Sc. standards.

In November, 1900, a fund under the name of "Students' Mutual Aid Fund" was started for helping poor students with stipends, books, medical attendance, etc. The expenses are met by subscriptions from students, Professors and from such outsiders as have sympathy for the movement.

The College has an Athletic Club, a Debating Society and a Mutual Aid Society, the object of which is to inculcate among the students a higher conception of life and encourage friendly feelings and co-operation among them, the general aim being the building up of College life on a sound basis.

The College Hostel is situated in a most healthy quarter of the town and has accommodation for about 80 students. It consists of three blocks, two for Hindus and one for Mahomedans. The cost per head is about Rs. 9.

The College is now an Association registered under Act XXI of 1860 the Governing Body having full financial administrative control over the Institution.

SCHOLARSHIPS.

One scholarship of Rs. 14 a month, tenable for two years, is awarded to the student who passes the I. A. Examination in the First Division, standing first from the College, and continues his studies in the College. Bangabasi College.

AFFILIATED, 1887.

This Institution was founded under the name of Bangabasi School in May 1886. The success of the School in the first year of its existence led the proprietor to add to it a College Department, which was affiliated to the F.A. standard in June, 1887, and to the B.A. and B.L. standards in March, 1896. The College also prepared students and sent them up for the M.A. Examination for which separate affiliation was not required under Act II of 1857. Under the Universities Act of 1904, affiliation in the Intermediate standard in Arts was restricted to the subjects of English, Bengali, Sanskrit, Mathematics, History, Logic, Physics, Chemistry and Botany and in Science to the subjects of English, Bengali, Mathematics, Physics, Chemistry and Botany; in the B.A. standard restricted to the subjects of English (Pass and Honours), Bengali, Sanskrit (Pass and Honours), History (Pass), Mathematics (Pass and Honours) and Political Economy and Political Philosophy (Pass); and in the B.Sc. standard to the subjects of Physics (Pass), Chemistry (Pass), Botany (Pass) and Mathematics (Pass and Honours).

The Arts Department of the College has, in addition to lecture works, provision for regular tutorial help and exercise work in all the four classes, conducted by the Professors in charge of the respective subjects with the help of tutors and supervised and scrutinized by Babu Lalitkumar Banerjee, the Senior Professor of English. The Science Department consists of a lecture gallery fitted up with the modern requirements of Science-teaching, a second lecture hall, a Physics Laboratory, a Chemistry Laboratory and a Botanical Laboratory, for the Intermediate students; four Physics Laboratories, two Chemical Laboratories, two balance rooms, one furnace room and two Botanical Laboratories for the B.A. and B.Sc. students. Gas, water and electric connections have been so laid out that the students working in the Laboratories may have plentiful supply of these necessary adjuncts of practical work. The

Laboratory rooms are lighted up with powerful electric lamps so that practical work when necessary is continued right into the early part of the night. The Laboratory work is conducted by the Professors and Demonstrators and scrutinized by the Principal. The Central Hall in the second storey has recently been fitted up with a gallery both for Arts and Science classes.

Practical Laboratory work in the Science subjects is recorded in manuscript books of prescribed size with a printed College label attached to each. These manuscript books are carefully scrutinized, corrected and initialled by the Professors, Tutors and Demonstrators in charge. Periodical exercises are given in rotation in all subjects once a month, and the answer-books returned regularly after being corrected and the marks or remarks entered in a record-book kept for the purpose. Promotions and Selections for the University Examinations are regulated mainly on the basis of the records of marks or remarks.

In view of the comforts of students, the lecture halls and galleries are provided with powerful electric fans which have completely replaced the old roller punkhas, and sanitary arrangements have been brought up to date.

There is a printed catalogue of books contained in the Library and each student is supplied with a copy of it at a nominal price. Besides the books prescribed and recommended by the University, the Library possesses many other useful books of reference. To keep the Science students posted in facts of the latest developments of the subjects of their study, the Chemical Society's Journal, the Linnean Society's Journal, the Philosophical Magazine and Nature are subscribed. In the spacious Library, tables and seats have been arranged for the boys to consult books, journals and other periodicals during intervals of rest. Excepting the prescribed text-books and books of reference, all other books are lent out to students, one volume at a time to be returned after a week.

There are several College Messes close to the College.

The College has been publishing since January, 1903, a Magazine styled the *Bangabasi College Magazine*, which is issued once a month excepting during the vacation months. Educational matters and news mainly connected with the University, form the contents of the news column of the Magazine. Political and controversial matters are on principle eschewed as unwholesome and beyond the range of our undergraduates. The Magazine further affords an exercise-ground for the students to try their powers of composition in English, Bengali and Sanskrit; above all it tends to promote an *esprit de corps* to which we attach great importance and which is one of the most potent factors in creating and upholding a genuine *College life and College atmosphere*. In pursuance of this object a *Sporting Club* has been organized under whose auspices the College often enters for the Elliot Shield and other prizes open to College sporting clubs. It thus enables the boys to spend their afternoons in manly open air games wherein is developed that spirit of co-operation and healthy rivalry which is essential to the growth of a sturdy manhood. Further there are two Associations, viz.,—an *Economic Association* and an *English Literature Club* mainly conducted by the First and Third-year students, the Second and Fourth-year boys joining only occasionally.

The administrative control of the Institution is entirely in the hands of a Governing Body consisting of eleven Members with Raja Pearymohan Mukerjee, M.A., B.L., C.S.I., as President, and the Principal as Secretary. The financial control is also vested in the Governing Body subject, however, to the approval of the Trustees of the College consisting of The Hon'ble Sir S. P. Sinha, Kt., Bar-at-Law, Member of the Bengal Executive Council, Mr. G. C. Bose, Principal, and three other members.

Free Studentships.—Government junior and senior scholars receive tuition free.

College Scholarships.—There are 30 College Scholarships varying in amount from Rs. 2 to Rs. 6 per month for poor but deserving students. Applications for these scholarships are considered on their own merits. Besides these, there are two graduate scholarships of Rs. 6 each.

Brojomohun College, Barisal.

AFFILIATED. 1889.

This Institution was founded as a High Class English School on the 27th June, 1884, by late Babu Brojomohun Dutt, Small Cause Court Judge of Nadiya, at the request of the District Education Committee which had been instructed by the Director of Public Instruction to secure the establishment of a private school, as the number of students in the Barisal Zila School had at that time exceeded 600 and the buildings were found too small for the accommodation of so many boys. Babu Brojomohun expressed a wish to raise the Institution to the status of a second grade College but it could not be fulfilled on account of his sudden death. His sons Babu Aswinikumar Dutt and the late Babus Kaminikumar Dutt and Jaminikumar Dutt encouraged by the unexpected success of the Institution and with a view to carry out the wishes of their deceased father added the college classes which have been affiliated up to the F.A. standard of the Calcutta University since June, 1889, and to the B.A. standard since July, 1898.

Babu Aswinikumar Dutt worked as an Honorary Professor from the foundation of the college up to 1906 giving up an extensive practice at the Bar.

In March, 1912 the Proprietors by a trust-deed made over their rights and the management of the college to a council on which the Government, the Pro-

prietors and local interests have been represented, the Rev. E. L. Strong, M.A. (Oxon.) being the first President of the Council; and the Government by an Indenture generously agreed to pay to the Institution three quarters of a lakh of rupees for the construction of a college building and a monthly grant of Rs. 1200 for the maintenance of the college and to acquire and make over a plot of land for the purposes of the college. It was agreed that the school department should continue as before. A plot of land measuring about 42 bighas has been acquired for the college by Government near the Kashipur road outside the town. The main building is expected to be completed by November next when the college will be removed to the new site. Steps are being taken to raise subscriptions to meet the expected deficit of Rs. 40,000. Mr. D. H. Wares, I.C.S., District Magistrate of Barisal is the President of the College Council which has been reconstituted for the second term with effect from the 27th March, 1917.

The object of the college has always been to impart to its students moral and unsectarian religious training together with intellectual and physical education.

Fees.—The tuition fee is Rs. 4 per mensem with the additional contribution of Rs. 2 per annum. Chemistry students have to pay one rupee per mensem in addition.

Special features:—Among the special features of the college might be mentioned:—(1) The teachers' and students' Friendly Union which presents to students by means of hymns, readings, sermons and discourses on the lives of great men, unsectarian cardinal principles of religion and morality. (2) "The Little Brothers of the Poor" consisting of a band of college and school students tend the helpless sick without distinction of caste and creed and help the poor. Under its present gymnastics teacher Mr. S. K. Guha and Sports Secretary Prof. N. R. Mookerjee the college has distinguished itself in athletics carrying off the James Roy Football Challenge Shield in 1915 and again last year.

Scholarship and prize:—A Scholarship of Rs. 10 a month called the "Bell Scholarship" after the Hon'ble Mr. N. D. Beatson-Bell, B.A., C.I.E., C.S.I., I.C.S., tenable for two years in the B.A. Classes of the College, is awarded to the student who passes the I.A. Examination in the First Division and stands just below the students who secure Government Scholarship from the college.

A silver medal or prize at the option of the recipient, founded by Babu Chandrasekhar Gupta, late Treasurer of the Currency Office, is awarded to the student who stands first among the successful Matriculation candidates of the school, provided he continues his studies in the college.

Subjects taught in the I.A. Classes:—English, Mathematics, Sanskrit, Arabic, Persian, Logic, History and Chemistry.

B.A. classes.—English, Mathematics, Persian, Sanskrit, Philosophy and History.

Greer Bhumihar Brahman College.

AFFILIATED, 1899.

This College was founded in July, 1899. It is the result of the zealous efforts of the local Bhumihar Brahman community to remove the crying want of a College at Muzaffarpur, which has long been felt by the public of the place. With this view the Bhumihar Brahman Sabha met in March, 1899, and discussed the most feasible way of accomplishing their object. The authorities of the Society's High School, which was founded by the late Nawab Imdad Ali Khan Bahadur, very generously came to their help and made over the school to the Sabha. The Sabha, therefore resolved to establish a college at Muzaffarpur, and took the aforesaid Institution as its feeder. The College has been fortunate in enlisting the warm sympathy of local officials and the support of many public-spirited Zemindars and gentlemen of the Tirhut Division on its behalf. The college has also found a liberal measure of support outside the Tirhut Division and His Highness Maharaja Sir Prabhu Narayan Sinha, G.C.I.E., of Benares, has generously paid through the Tirhut Division Commissioner a munificent donation of Rs. 50,000 in aid of the College funds. The object that the Sabha had in view in founding this College was the placing of the benefits of higher education within the reach of the students of North Bihar and the imparting of moral and physical training to them.

This College was first started as a second grade College on the 3rd July, 1899. An application was made in June, 1900, for the affiliation of the College to the Calcutta University up to the B.A. standard. The Syndicate was pleased to recommend the affiliation and the Governor-General's final sanction was obtained in the first week of January, 1901.

A sum of Rs. 50,000 was originally set apart in trust for the maintenance of the College, and a registered trust-deed, executed by the late Chaudhury Mahanth Raghunath Das, Zemindar of Jaintpur, the late Rai Parmeswar Narayan Mahtha, Bahadur, Banker, the late Babu Langat Singh, Zemindar, and Babu Jugeswar Prasad Singh, Plender, was submitted along with first petition for affiliation to the Syndicate. Soon after the founding of the College it became apparent that Babu Langat Singh alone was to bear the whole expenses of the College. The trust fund in hand consisted solely of his own donation, and nobody else came

forward to help the College financially. In 1907, however, a representative Committee headed by District Magistrate and Collector ex-officio, took over the management of the College and strenuous efforts were made to place the College on a permanent and efficient basis. A new trust-deed was executed and registered and the Board of Trustees became the supreme governing body of the College.

The College receives substantial support from the Bettiah Raj State, which pays Rs. 6,000 annually.

The College holds landed property yielding an annual income of Rs. 857 kindly given to the College by the late Babu Vishwanath Prasad Mahtha and Babu Maheswar Prasad.

The College has acquired an ideal site measuring some 14 acres for the location of the proposed new buildings, which include a Laboratory and a Boarding House for 120 students. The House in which the College classes are at present located has also been purchased and a new house has been built to meet the demand for additional accommodation. About 28.49 acres adjoining to the present site have been acquired by the Government for the College, and the Patna University Committee has drawn up a detailed scheme for its extension as a Government College.

The College has a good Laboratory and Library. The erection of a Revolving Dome Astronomical observatory and a Transit Room is in progress.

The tuition fee for the College is Rs. 4 a month. Students are also required to contribute Re. 1 each annually for sports.

The College has been taken over by Government from the 1st July, 1915, and the name Bhumihar Brahman College changed to Greer Bhumihar Brahman College. Temporary class rooms and a hostel for 40 students have been built pending the construction of the permanent buildings.

Cotton College, Gauhati.

AFFILIATED, 1901.

The College was established in 1901 as a purely Government Institution during the administration of Sir Henry Cotton, after whom it has been named and is under the control of the Director of Public Instruction, Assam.

Originally started as a second grade institution teaching up to the F.A. standard, it was housed in a building erected by Government at a cost of over half a lakh of Rupees. The short history of the college is one of steady growth since the establishment, due chiefly to the keen interest taken by Sir Lancelot Hare and Sir Archdale Earle, the present Chief Commissioner of Assam, in extending its sphere of usefulness. In 1909, when Assam formed part of Eastern Bengal, B.A. and B.Sc. Classes were first opened and a new Science block was added to the main building. Since 1912, when Assam was reconstituted into a separate administration, the College has undergone further expansion. Honours classes in different branches of studies were opened in 1914 and numerous additions have been made to meet increasing demands, a new block having just been completed for the exclusive accommodation of the Arts Section. The College has a large Science Theatre with well-equipped Chemical and Physical Laboratories, a good Library and a common room for students provided with leading periodicals and newspapers. At a distance of half a mile from the College there is a spacious play ground entirely belonging to the College and the Collegiate School.

COURSES OF STUDY.

The College is affiliated to the University up to the M.A. standard in English (Group A), to the B.A. and B.Sc. Honours stage in English, Economics, Mathematics, Philosophy, History, Sanskrit, Physics and Chemistry, and to the B.A. Pass standard in Arabic and Persian. In Intermediate in Arts and Science it is affiliated in English, Mathematics, History, Sanskrit, Persian, Arabic, Logic, Physics, Chemistry and Vernacular Composition.

Connected with the College under the control of the Principal, there are two separate Hostels for the Hindus and the Mahomedans under the supervision and management of two Resident Superintendents and four Assistant Superintendents. The College Hostels have now accommodation for 300 boarders. The cost of living in the Hostels ranges from Rs. 9 to Rs. 11 according to market fluctuations. A visiting Medical Officer is in charge of the Hostels and looks after the health of the boarders.

There is also a Collegiate School under a Head Master assisted by a staff of teachers, and under the control of the Principal.

The fees levied in the College are Rs. 5 monthly tuition fee and Rs. 5 admission fee. In the School Department the rates of fees vary from As. 12 to Rs. 3. There is a limited number of free studentships which are awarded to deserving students. Junior Scholarships are awarded to the resident of the Assam Valley, upon the results of the Matriculation Examination. Senior Scholarships of the value of Rs. 25, 20, 15 and 10 are also awarded on the results of the Intermediate Examinations.

Wesleyan College, Bankura.

AFFILIATED, 1907.

This College was established by the Wesleyan Methodist Mission in June 1903, partly because of the success of the Mission High School, now known as the Collegiate School, but chiefly because of the great demand for higher education in this part of Bengal. There is no College within 60 miles, and the climate is dry and healthy. The foundation of the College has been amply justified by the number of students who have entered it and the

degree of success obtained. The College is affiliated in English (Pass and Honours), Sanskrit (Pass and Honours), Persian, Philosophy, Economics, and Mathematics up to the B.A. standard, and in the usual subjects (including Chemistry and Physics for I.A. and I.Sc.

The College, which is a handsome and convenient structure, stands in a compound of 115 bighas. Gas and Electricity are manufactured on the premises. The College has an up-to-date workshop and an Astronomical observatory. Some alterations have recently taken place and give increased accommodation. The first College Hostel, a fine two storied building, holds 88 students. It is always full. Another Hostel in the compound is about to be built. There is at present room for about 70 students in Hostels and Messes outside the compound.

The aim of the College is to give a sound healthy education based on high moral and Christian principles. The closest intercourse between Lecturers and students is attained. Cramming is discouraged and scripture is taught systematically. The playing fields are very extensive. Cricket, football, hockey, tennis and badminton are popular.

(1) *John Mitchell Scholarship.*

To Commemorate the services of the Rev. John Mitchell, M.A., as Principal of Bankura College since its foundation in 1903, a Scholarship of Rs. 10 per month has been established. Examination held in that year and will be tenable in Bankura College for one year.

(2) *W. Owston Smith Scholarship.*

In memory of the honorary services of Mr. Owston Smith, M.A., in Bankura College from 1909 to 1914, his father Sir William Smith and his brother Mr. R. O. Smith have founded a Scholarship of Rs. 10 per month. It will be given at the end of each academic year to the 3rd year student of Bankura College who, in the opinion of the Principal, has made most progress during that academic year, and will be tenable in Bankura College for one year.

A friend of the College gives annually a sum of Rs. 50 to be awarded as the Principal thinks desirable.

Victoria College, Narail.

AFFILIATED, 1886.

This College was originally founded as an H. E. School by the late Babu Ramtaran Ray, the local Zemindar. It was raised to the status of a second grade College in 1886 and to that of first grade College in 1890. There are however, at present no B.A. classes in the Institution. The College building is a splendid *pucca* one, situated in the midst of a vast lawn, which affords good space for all sorts of manly exercise. The Boarding House attached to the College is also a *pucca* one which, when the improvements contemplated to be effected in it are completed, will prove an attractive residence to students. All the Professors, Teachers and students of the College and the Collegiate School receive free Medical aid, provided by the descendants of the founder. The Vernacular School attached to the College has been incorporated with the Collegiate School, and the whole institution, in all the Departments, is under the control and supervision of the Principal.

The rate of fees in the College classes is Rs. 3 per month while the rates in the School classes vary from Rs. 2-8-0 in the highest two classes to eight annas in the lowest, so that no class of people need find it beyond their means to give their children the benefits of an English education at this Institution.

The Library of the College is well-furnished with all the necessary or important works in English literature. The Professors, including the Principal, are not only always accessible to students but are ever ready to help the boys in all sorts of ways.*

The Central College, Calcutta.

AFFILIATED, 1896.

This Institution was founded as a higher class English School, under the name of the "University Institution," on the 2nd June, 1893. The name, however, was shortly changed: and the Institution was recognised by the University of Calcutta under the name of the "Central Institution" which was altered again, in 1896, into the one it at present bears. The unexpected success of the School within a short period of its starting and the connection of a number of experienced educationists with its teaching staff, led to its being raised to the status of a Second Grade College in June, 1894.

The results for 1895, both in the Entrance and F.A. Examinations, having still further improved the prospects of the Institution, an application was made for its affiliation up to the B.A. standard of the University, and it attained to the status of a First Grade College in January, 1896. It completed the full period of five years for which it was stipulated to be maintained in June, 1901, and retained its rank and position as a First Grade College for full 13 years, that is up to May, 1910, when, under the operation of the new Regulations, its affiliation came to be restricted to Arts Intermediate standard of the University.

The Institution is not, and has never been, supported by any donations, subscriptions or other aids, and its proprietary rights and responsibilities are absolutely in the hands of its founder, Babu Khudiram Bose.

Since the enforcement of the new Regulations of the University, the management of the College and the Collegiate School has been vested in a regularly constituted governing body; and on the demise and resignation of some of its old members during the previous years, it has been reconstituted in the following way:—S. P. Sarbadhikari, Esq., C.I.E., M.D. (*President*), A. K. Ghosh, Esq., B.A. (*Cantab*), Bar-at-Law, and M. M. Ganguli, Esq., B.E., M.B.A.S. (*Vice-Presidents*) C. H. Linton, Esq., M.A., and Dr. R. L. Dutt, D.Sc. (*Members*), and, the Principal of the College (*Member and Secretary*). The School Committee has had two additional members—Pandit Trailokyanath Kabibhushan and Babu R. N. Chatterjee representing the teaching staff of this Collegiate School.

The object of the Institution, as remodelled after the promulgation of the new Regulations of the University, is to provide an un-aided College after the model of the great educationist, Pandit Vidyasagar, in the northern part of the city for students of moderate means and resources, combining physical and moral training with the type of intellectual training principally on the Arts side, adopted to the present day requirements of the University. Attention is paid to proper enforcement of discipline by precept and example; and examinations and exercises are held frequently, both in the School and College Departments. B.A. classes had been at work since June, 1896, and several among the many graduates from this institution had graduated with Honours in the course of these years. The percentage of F.A. success for 1907 was exactly 50; and that of B.A. (*A Course*) close upon that figure: beating—an indubitable evidence of the success and efficiency of the College work for the year, markedly in connection with the B.A. test—not only its own past records, but those of all its sister institutions in this city for the year. [*Calcutta University Minutes*, 1907], Periodical returns, showing the progress and conduct of the pupils in the School Department, are sent to the guardians, whose suggestions in this connection are cordially received.

The ordinary rate of the monthly tuition-fee in the College Department is Rs. 4; the higher classes of the School Department Rs. 3; in the lower

forms, Rs. 2-8, and Rs. 2; and in the Infant Department, Re. 1. The fee for admission to any class, as also Vernacular Department, is equal to a month's tuition-fee for the same.

Two scholarships named "*King Emperor and Queen-Empress Coronation Memorial Scholarships*" of the annual value of Rs. 48, to be awarded to two such students of the Institution as would pass with distinction the Matriculation test of the University from this Collegiate School, have been recently provided for in addition to a lot of School Annual (*Victoria Memorial*) Scholarship determined by the results of the school annual examinations. Two other Scholarships—*Vidyasagar Memorial* and *Bireswar Mitter Memorial*—are also awarded; one, to the student who stands first in the test examination in all the subjects taken together, and the other, in Mathematics only, of the Matriculation Class of the School. Two gold medals, named '*Durgacharan Sarkar Medal*' and '*Gaganchandra Bose Medal*,' are to be awarded by the Proprietor of the Institution—the one, in memory of his youngest brother and pupil and the other, in memory of one of his distinguished pupils, both in Pandit Vidyasagar's Metropolitan Institution—to two such students of this College as would secure a Duff Scholarship and the highest number of marks in Logic, respectively, at the Intermediate Examination in Arts of the University for any year. Mr. Radharaman Mitra has obtained the award of the "*Gaganchandra Bose Medal*" for the year, 1915.

33**Burdwan Raj College.**

AFFILIATED, 1882.

This Institution, since its first establishment in 1817 has been one of slow but steady growth. True to its mission of supplying the demands of the public of Burdwan for education in the modern acceptance of the term, it has always kept pace with the real wants of the place. Started as an Anglo-Vernacular School imparting rudimentary education which satisfied the intellectual cravings of the Burdwan people during the early days of the British rule in India, it passed through different stages of improvement, developed various phases of usefulness and at last attained a recognised position of a Second Grade College in 1881.

The educational establishments of the Maharajadhiraj Bahadur divide themselves at the present time under five heads :—

First, the College Department, which is open to all students that are matriculated in the Calcutta University, teaching up to the I.A. standard. The monthly tuition fee is Rs. 4; but there are numerous free-studentships and half pay studentships awarded to deserving pupils.

Second, the School Department, serving chiefly as a feeder to the above, preparing students for the Calcutta University Matriculation Examination.

Third, the Persian Department, teaching amongst other those boys of the first two departments, that take up Persian as their Second Language.

Fourth, the Sanskrit School, imparting instruction in the orthodox native style to those, whose religious scruples prevent them from availing themselves of the advantages of the English School.

And fifth and last, the Girls' School, the present provision in connection with which, is more than sufficient to meet the requirements of female education as it is understood at Burdwan. All these departments are under the control of the Principal.

The disbursements in the different departments, aggregate annually about Rs. 32,200 they being entirely met by the munificent charity of the Maharajadhiraj Bahadur.

Several boys in consideration of their extreme indigence, are found in money, besides provided with free tuition.

Three scholarships, each of Rs. 10 per mensem, and tenable for two years are annually awarded to some of the most successful I.A. candidates from the College, to assist them in the further prosecution of their University studies.

Uttarpara College

AFFILIATED, 1887.

This College is the final outcome of the long-continued efforts of the late Babu Jaykissen Mukerji in furtherance of the cause of English education in Bengal. In 1846, he had a Government School opened at Uttarpara on the basis of an endowment by him and his brother the late Babu Rajkissen Mukerji of Rs. 1,200 a year, and a Government assignment of equal value. The School prospered and won its way to the front rank among the Schools in Bengal.

Babu Jaykissen's wish was that his School should ultimately expand into a College, and to this end, so long as the year 1853, he asked Government to raise the school to a first class College, offering to contribute an equal sum with Government towards the maintenance of the College. In 1883, he submitted a proposal for the conversion of the School into a Second Grade College offering to make an endowment for its support so that it may cost the Government nothing. The recently initiated educational policy of Government stood, however, in the way of his proposal being accepted, and it was accordingly not accepted.

He finally went up to Government in April, 1887, with a proposal for the establishment of an aided College in connection with the old Government School. Government accorded him permission to open such a College, but

on the condition that he took the School off the hands of Government. He agreed to do so, provided Government left the school the material advantage it derived from its connection with the Government. It took some time to settle the terms of the transfer, which was formally effected in March, 1889. The College and the Collegiate School were then under the management of a Board consisting of the Collector of Hughly as President, of Raja Pearymohan Mukerji, C.S.I., and of Babu Rashbihari Mukerji as representatives of the late Babu Jaykissen Mukerji, and of Babu Manohar Mukerji as representative of the Late Babu Rajkissen Mukerji. But the Uttarpara School having been resumed by Government on 1st April, 1897, the College was entirely maintained and managed by its proprietor, Raja Pearymohan Mukerji till 1906.

In 1907, he made over an endowment of Rs. 1,800 a year to the College, and vested its management in a Governing Body consisting of Government officials, distinguished Zemindars and educationists.

The proprietor of the College pays a sum of about Rs. 100 monthly in aid of the fees of poor and deserving students and two scholarships of Rs. 5 per month and two more of Rs. 4 per month, tenable for one year, are awarded to deserving students on the result of the annual examination at the end of the First-year Class.

Considerable additions have recently been made to the Library and Laboratory of the College. The College has a separate arrangement of its own for generating oil gas and the Laboratories have been fitted up with it.

Anandamohan College, Mymensingh.

AFFILIATED, 1908.

The City College, Mymensingh Branch, established in July, 1901, was being maintained by the Council of the City College Institution, Calcutta. They directed it to be closed from the end of May, 1908, and applied to the University for its disaffiliation. Hearing this state of things some representative gentlemen of Mymensingh formed themselves in May, 1908, into a Provisional College Committee for the purpose of carrying on the College under the Provisional title of "The Mymensingh College," so as to meet the requirements of the District of Mymensingh for higher education. Accordingly an application for the re-affiliation of the College under the aforesaid title was submitted by the Provisional College Committee to the University by the middle of June, 1908. The Registrar submitted the application and proceedings of the Syndicate and Senate through the Hon'ble the Rector of the University to Government for orders, the City College, Mymensingh Branch, having been dis-affiliated in the meantime. The Registrar informed the Principal that the new College should, in all future official correspondence, be properly designated by its correct name "The Mymensingh College" since the Government of India have accorded their sanction to the application for affiliation of the Mymensingh College under the name of "The Anandamohan College, Mymensingh."

Serampore College. *

AFFILIATED, 1910.

Serampore College was founded in 1818, under the patronage of the Marquis of Hastings, then Governor-General of India, by the Revs. Dr. Carey, Dr. Marshman and William Ward, who together with Colonel Kreffting, the Danish Governor of Serampore, and J. C. Marshman, Esq., formed the first College Council.

The object of the College was the instruction of Indian youths, both Christian and non-Christian, in Literature and Science, and the training of selected Indian and Anglo-Indian young men for the work of the Christian Ministry.

In 1821 the College received a donation from King Frederick VI of Denmark of certain premises to the northwest of the College building and this act of liberality was followed in 1827 by the grant of a Royal Charter, giving perpetuity to the Institution and its endowments and empowering it to grant Degrees. At the cession of Serampore to the East India Company, in 1845, this charter was confirmed at the special request of the Danish Sovereign and a special clause was inserted in the treaty providing that "the rights and immunities granted to Serampore College shall not be interfered with, but continue in force in the same manner as if they have been obtained by a charter from the British Government."

The ground on which the College stands was purchased chiefly by subscription; the entire expense of the original buildings, amounting to about £15,000, was met out of the private funds of the Serampore Missionaries, who were the first promoters of the undertaking. The Institution was crippled at the outset by the loss of the greater part of its invested funds through a series of bank failures only a few years after the granting of the charter. It was enabled to continue its work through the liberality of J. C. Marshman, Esq., but not on the scale originally contemplated. The right of conferring degrees was therefore not exercised.

On Mr. Marshman's departure from India in 1856, the College, though still legally under the control of its own Council, was placed under the general direction of the Baptist Missionary Society, which contributed the greater amount of the funds needed for its support. In the following year, 1857, Serampore was one of the first eight Colleges to be affiliated to the newly formed Calcutta University. This connection continued till 1882, when it was decided to close the Arts Department converting the College into a purely Theological Institution.

Twenty years later, the decision of the Universities Commission that it was neither practical nor expedient to make provision for a Faculty of Theology in

connection with any of the existing State Universities, led the Decennial Missionary Conference, representing all Protestant Missions in India, to ask the Serampore College Council whether it would not be possible to make the Serampore Charter available for the granting of degrees in divinity. The Council advised by Dr. Howells, the present Principal, resolved to accede to this request and also to re-organise the College on the lines planned by its founders, making it capable of imparting instruction in Theology of a standard equal to that obtainable in Europe and America. With a view to providing a preliminary training in Arts for students intending to proceed to the B.D. degree and for the benefit of the Christian community and of Hindu and Musulman youth generally it was also resolved to re-open the Arts classes.

Through the generosity of the Arthington trustees the Council has been enabled to rennovate the College and to build a new Hostel, including extra quarters for the professorial staff, at a cost of about two and half lakhs of rupees. They have also made considerable progress towards the raising of a new endowment fund.

The College is affiliated up to the Bachelor of Arts in English (Pass and Honours), Bengali, Philosophy (Pass and Honours), Sanskrit, (Pass and Honours), *History (Pass)*, Political Economy and Political Philosophy (Pass), Hebrew (Pass), Syriac (Pass). In the Intermediate Arts, the College is affiliated in English, Bengali, History, Logic, Sanskrit, Mathematics, Chemistry.

Tuition fees:—Rs. 4 for Intermediate Arts (with an additional Rs. 2 for Chemistry); and Rs. 6 for B.A. classes. The Entrance fee is Rs. 6 in B.A. classes and Rs. 4 in the Intermediate Arts. A few scholarships are granted to poor and deserving students. An annual Charge of Rs. 4 is payable to the Union Society, this including the subscription to the Athletic Clubs and the College Magazine.

Attached to the College is a well-equipped Hostel. The Hostel establishment fee is Rs. 4-8 (ground floor) or Rs. 5-8 (First floor). This charge covers seat rent, use of furniture, and cost of servants, light and medical attendance. Almost all the rooms are single-seated, but there are a few double rooms, for which the fee is Rs. 3-8 (ground floor) or Rs. 4-8 (First-floor).

There is an additional Hostel—Panti House—healthily situated on the river-side under the direct supervision of the College. The establishment fee in this Hostel is Rs. 3-8 (ground floor) or Rs. 4-8 (First floor). There are no single-seated rooms in this Hostel. Another Hostel on the riverside is at present utilized for Syrian students.

The admission fee for the Hostels is Re. 1.

The normal cost of food in the Hostels is Rs. 9 apart from tiffin.

The ordinary fees payable on entrance (*viz.* the admission charges, Union subscription and one month's fees) must be remitted with every formal application.

There is a large and valuable Library and considerable additions are being made to bring it up to date.

The Union Society provides opportunities for the discussion of topics of general interest and serves to promote a corporate feeling among the students of the College.

The College is under the control of a Council, of which the members who hold office for life, are appointed in accordance with the Charter and Statutes. This Council which sits in London, is at present composed of the following members:—

Rev. G. P. Gould, M.A., D.D, Principal of Regent's Park College, London—
Master of the College.

Dr. George Howells, Principal of the College.

Goe. B. Leechman, Esq., (Late of Ceylon)

Sir George Macalpine, M.A., LL.D.

South Suburban College, Bhowanipur.

AFFILIATED 1916.

This Institution which was originally started by the public of Bhowanipur as a School, was raised to the status of a Second Grade College with affiliation in English, Vernacular Composition, Sanskrit, Logic, History, Mathematics and Botany, up to the I.A. and I.Sc. standard, with effect from the commencement of the session 1916-17. In view of the abolition of the College classes by the L.M.S. Institution and the Bishop's College, the need for such a College was keenly felt by the residents of the South Suburban area of Calcutta, and the authorities of the South Suburban School were accordingly persuaded to apply for and obtain the affiliation of a College Department. The whole institution is under the control of a General Committee, composed of 50 representatives of the local public, the actual management of the College Department being vested in a Governing Body consisting of nine members elected annually by the said General Committee, besides the Principal of the College and another representative of the teaching staff. The College was started at a fine two storied building 26, Lansdowne Road in one of the best quarters of Bhowanipur, but the accommodation there proving to be insufficient and the site not quite convenient to the general body of students, the College has been now removed to more commodious and centrally situated premises, No. 147 Russa Road South. The present building can accommodate more than 600 students. With the help of a strong staff, special care is taken to ensure individual attention to students: provision being made for ample tutorial assistance and regular exercises. A notable feature also is the smallness of the various classes and sections.

GOVERNING BODY.

The Governing Body for 1917-18 is constituted as follows:—

The Hon'ble Justice Sir Asutosh Mookerjee, Kt., C.S.I., *President*.

Babu Dwarkanath Chakravarti, M.A., B.L., *Vice-President*.

Babu Basantakumar Basu, M.A., B.L.

Babu Birajmohan Majumdar, M.A., B.L.

Dr. Girindranath Mookerjee, B.A., M.D. (Madras)

Mr. M. N. Basu, Barrister-at-law.

Babu Rameshchandra Majumdar, M.A., P.R.S.

The Hon'ble Mr. Pravashchandra Mitter, M.A., B.L., *Secretary*.

Babu Charuchandra Biswas, M.A., B.L., *Joint-Secretary*.

The Principal, *Assistant Secretary*.

One Representative of the Teaching Staff.

The College fees are as follows:—

Tuition fee Rupees Six a month; Admission fee Rupees Six; Punkha fee Rupees Two for the session and Athletic fee Rupee one for the session. There is liberal provision for free and half-free studentships for deserving candidates. A number of scholarships of Rupees Six a month tenable for one year are also awarded on the results of a College Test.

The majority of the students of the College are local residents and live with their parents and guardians. For those that do not do so there are hostels and messes attached to the College under the supervision of College professors. The seat rent varies from Rs. 5 upwards per seat, boarders being required to provide their own furniture, bedding, utensils, etc.

The College library already contains a fair collection of books which the students are freely allowed to use. Substantial additions are in contemplation.

Carmichael College, Rangpur.

AFFILIATED, 1917.

The College was started in July, 1917 and is the result of the earnest efforts of the residents of this district to remove a long-felt want. A scheme for the establishment of a college had originated as early as 1913 but it was not till 1914 that active steps were taken to carry it out. A Committee of the local representative gentlemen met under the Presidency of Mr. J. N. Gupta, M.A., I.C.S., the District Magistrate, in June the same year when the scheme took definite shape. By March 1917, donations to the extent of about 7½ lacs, had been raised. An application to the University was then made for affiliation of the proposed college to the B.A. standard, which was subsequently obtained.

The College Committee have selected a splendid site for the new college. It is an extensive plot of ground measuring over 900 bighas of land, on the outskirts of the town and away from all contaminating influences. Here the construction of the college and boarding houses is going on and a sum of Rs. 4 lacs has been set apart for such building purposes. At present there are to be two boarding houses for Hindu and Mahomedan students respectively to accommodate over 150 boarders, and the staff of the college including the Principal and the Vice-Principal will be provided with quarters in the college compound, the idea being to eventually develop it into an entirely residential institution.

The college when completed will be one of the finest buildings in Bengal and pending its completion, the college is now being held in the new spacious District Board building, standing on extensive grounds, and arrangements are being made to provide hostel accommodation for about 150 students. Three hostels, two for Hindu and one for Mahomedan students have already been opened, each under the charge of a Superintendent, who is also a member of the Teaching staff. The funds of the college amount to Rs. 7,37,000 of which over two lacs have already been invested in the new War Loan. Among the Principal single donors may be mentioned the names of Raja Gopallal Ray

of Tajhat (Rs. 1,00,000) Rai Annadamohan Roychandhuri, Bahadur of Tapa (Rs. 1,00,000) and the Hon.ble Maharaja Sir Manindrachandra Nandi, Bahadur, K.C.I.E., (Rs. 50,000.)

The College is under the management of a Governing Body with the District Magistrate as President and the District and Sessions Judge as Vice-President. Mr. J. N. Gupta the Collector—to whose strenuous efforts the college owes its existence—as well as Raja Gopallal Ray of Tajhat and Rai Annadamohan Raichaudhuri, Bahadur of Tapa, in consideration of their generous contributions, are life members of the Governing Body.

The College is affiliated to the University up to the B.A./Pass standard in English, Vernacular Composition (Bengali and Urdu), Sanskrit, Arabic, Persian, Mathematics, History, Political Economy and Political Philosophy and Moral and Mental Philosophy. In Intermediate Arts it is affiliated in English, Vernacular Composition (Bengali and Urdu), Sanskrit, Arabic, Persian, Mathematics, History and Logic.

The tuition fee is Rs. 5 per mensem; the seat rent charged from the hostel students at present varies from Rs. 1-8 to Rs. 2; but it will be Rs. 3 for the upper storey and Rs. 2 for the lower storey, when the regular college hostel is completed.

The Patna Training College is the only training college in the province of Bihar and Orissa. It was first opened in October, 1908 and was instituted by the Government of Bengal to provide facilities of professional training for secondary school teachers. The college now prepares candidates for both the Bachelor of Teaching and Licentiate in Teaching Examinations, although previous to 1915 candidates were only prepared for the latter examination.

The college session is divided into three terms, and equal attention is given to practical and theoretical work in each term. The practical work consists of (1) demonstration lessons given by members of the staff (2) criticism lessons given by the students in turn (3) practice in class teaching by the students under supervision. The theoretical work comprises instruction in (1) the principles and methods of teaching, (2) school management, (3) mental and moral science applied to education, (4) educational classics and essays (5) history of education and (6) English.

The number of students admitted, formerly limited to twelve, and subsequently in 1913 raised to fifteen, has, since July, 1915 been further raised to forty. Candidates for admission are selected by the Divisional Inspectors and are deputed to the Training College under the orders of the Director of Public Instruction, Bihar and Orissa. The graduates join the bachelor of teaching class and the undergraduates who have passed the Intermediate examination in Arts or Science join the licentiate in teaching class.

The College is now housed in a spacious, two-storeyed building which was built at a cost of Rs. 40,000. The building meets all modern requirements. Each member of the staff is provided with a tutorial room, and, in addition to the well-furnished lecture rooms and offices, provision has been made for a large reading room and library, a science room, a common room and an art room.

The Patna Collegiate School is utilised as a Demonstration and Practising School. This Institution is now adjacent to the Training College and is housed in a spacious and beautiful new building surrounded by extensive playing fields. One large room in this building is set apart and specially furnished as a demonstration room and here criticism lessons, demonstration lessons and lantern lectures are given.

The library of the college is slowly increasing and consists mainly of carefully selected educational works. The reading and common rooms are supplied with educational and literary periodicals. There are two debating societies, one restricted to the graduates and the other for the undergraduates. The debates are usually concerned with subjects of educational interest.

The college council consisting of all the members of the instructional staff meets once a week and considers questions relating to the internal affairs of the college.

The hostel attached to college, which accommodates forty students, is under the direct control of the Principal and is managed by the Resident Superintendent who is a Provincial service member of the college staff.

It is a residential College to which all classes of the community are admitted.

There are two Departments.

II. The Apprentice Department, offering the courses of the Joint Technical Examination Board in (a) Civil Engineering, (b) Mechanical and Electrical Engineering to the Upper Subordinate Standard and (c) a College course in Mining for the Government Diploma in the Principles of Mining.

1. Engineer Department.

Admissions are made yearly up to a maximum of 40, of whom 32 are Regular and 8 Special students.

Of the Regular students five vacancies are reserved for Burma; four for Bihar and Orissa, and three for Assam.

Candidates from Burma and Assam must apply for nominations to the Directors of Public Instruction of those Provinces.

Special students are defined as being the sons of professional men, owners of landed or mineral property and others who wish to receive training in connection with private business for the development of the country and its resources. They are admitted at the discretion of the Principal.

7. Geographical pictures

The attention of teachers is requested to the raised maps of Bengal and Eastern Bengal and Assam made of paper pulp, prepared by Babu Kailas Chandra Datta, Head Pandit, Habiganj Government Girl's School, Sylhet, and sold for Rs. 7 and Rs. 3, respectively.

(2) Globes of all kinds are made by George Philip and Son, London, W. and A. K. Johnston, London, and Messrs. Ruddiman Johnston, London.

Small hand globes of German make can be obtained through the Indian School Supply Depot for about a rupee each.

(3) The "Comparative" series of large wall maps of the continents published by George Philip and Son is good and up-to-date; so also are the Orographical wall maps published by Edward Stanford. Messrs. Ruddiman Johnston publish a series of smaller wall maps which includes maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District Maps, also ordinary and relief maps of the Province.

Babu L. M. Basu, the drawing master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablache French wall maps on strong cardboard, named on one side, and the same map without names on the reverse, published by Armand Colin, Paris, are good and cheap. They measure 16 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

(4) The hand maps, coloured to indicate relief, published by the Diagram Company, West Barnes Lane, New Malden, Surrey, at one penny each, are the best of their kind.

The uncoloured half-penny maps, showing river systems and a few towns published by the same Company, are excellent for class use.

The Autograph hand maps, with hill shading in brown, published by Edward Stanford, London, at one penny each, are very good, and are larger than the Diagram Company's hand map. The 15 inches map of the world on Mollweide's equal area projection is especially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Messrs. Hachette of Paris, Messrs. Holzcl of

Vienna, and Messrs. Longmans, Green & Co. They cost, delivered in India, from two to three rupees each.

Map lantern slides and view slides especially prepared for Geography teaching are sold by the Diagram Company for two or three shillings each. Mr. Bartington Smith of Darjeeling also sells good picture slides of the Himalayas at Rs. 16 per dozen.

A. E. Frye	...	The Child and Nature.
------------	-----	-----------------------

Every school that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list :

I.—The total cost need not exceed Rs. 65.

1. A measuring tape.
2. A magnetic compass.
3. Squared paper and tracing paper.
4. Clay, dry sand, paper pulp for modelling.
5. A globe, not less than 14 inches in diameter, with writing surface, and with line of latitude and longitude, and outlines, only of the landmasses marked upon it.
6. A map of the school locality on a scale of 4" or 6" = 1 mile.
7. A map of the district in which the school is situated on the scale 1" = 1 mile.
8. A coloured map of the Province.
9. A coloured political map of India.
10. A physical map of India.
11. A relief map of India.
12. A map of the world on Mollweide's equal area projection and a map of Asia.

It is essential that the students should be provided with atlases, or with the necessary hand-maps. Maps for school work should not contain too much detail, or be crowded with names.

II.—The following additional equipment is recommended when it can be provided, but that lack of it is not to be considered as a bar to the recognition of the school in Geography.

1. A thermometer.
2. A mercury barometer.
3. A rain-gauge.
4. A small collection of typical rocks, in particular those of the Province and of India.
5. A small museum of typical products.
6. A good standard atlas.
7. Geographical pictures.

- | | |
|-------------------------|-----------------|
| (1) English | (5) Mathematics |
| (2) Bengali Composition | (6) Physics |
| (3) Sanskrit | (7) Chemistry |
| (4) History | |

The Syndicate may also, if necessary, appoint a Head Examiner in any other subject.

(b) SETTING OF PAPERS.

3. (a) The B.A. Pass papers in English shall each be divided into halves.

(b) The question papers set for the Intermediate Examination in Arts and the Intermediate Examination in Science, shall be identical in all subjects which are common to the two examinations.

(c) The question papers set for the B.A. and B.Sc. Examinations shall be identical in all subjects common to the two examinations.

(d) The question papers for the M.A. and M.Sc. Examinations shall be identical in all subjects common to the two examinations.

4. Gentlemen appointed to set the examination papers are requested to write in the margin opposite to each question, the maximum number of marks they intend to assign to it.

5. The examination papers, *in duplicate*, written very legibly on one side only of foolscap paper, are to be sent by post in a sealed and registered double cover to the Registrar at his office. No copy of any examination paper is to be retained by the gentlemen setting it.

6. The papers set shall be submitted to the Registrar with a certification over the joint signatures of the persons appointed that the papers conform to the prescribed conditions and do not involve a material variation from the average standard.

(c) EXAMINATION OF PAPERS.

7. Examiners will be expected to be present in Calcutta during the examination in the subjects for which they have been specially appointed.

8. When the answers to a paper or *half-paper* are divided between two Examiners, they shall determine, at a meeting, the standard to be adopted, and compare their marks at a meeting, before submitting them.

9. Each Examiner shall be furnished with a roll containing the names and numbers of all the candidates to be examined by him in which he shall enter the total number of marks, assigned to each candidate in each paper.

The total number of marks must in every case be a whole number; if the roll submitted by an Examiner contains fractional marks it will be returned to him for correction.

10. The Examiners shall mark on each answer paper the marks assigned to each question, as well as the total marks.

11. The Examiners are required to examine the papers of the candidates in the order in which their names appear on the roll, and at the end of each week send to the Registrar or to the Head Examiner, as the case may be, the pages of the roll containing the marks assigned to the papers examined. The number of papers examined each week is expected to be fairly proportionate to the total number of papers to be examined within the time prescribed. The attention of the Examiners is specially directed to this rule, and the Registrar is required to report to the Syndicate, after the examinations are over, any case of infraction of this or any other rule.

12. To facilitate the work of re-examination, the Examiners or the Head Examiners, as the case may be, shall keep the answer papers of the candidates arranged in the order in which their names appear in the roll.

In cases in which there is a Head Examiner, the re-examination may be done by the Head Examiner himself or by one or more of the Assistant Examiners at his discretion.

13. The answer papers shall be returned to the Registrar as soon as the work of re-examination is over.

14. Six weeks before the Matriculation, Intermediate, B.A. and B.Sc. Examinations take place, the Syndicate shall fix the latest date for sending in marks. The time allowed for the re-examination of answer papers shall be *four* days for 100 papers and under, and *one* day additional for every 25 papers, or portion whereof, over 100, Sundays being excluded.

In the case of the B.A. Examination 30 half-papers shall, for the purposes of this rule, be taken to be equivalent to 25 papers.

Where an Examiner has over 100 papers or half-papers to re-examine, he shall send in the marks of these papers by instalments of 100 or less, as the re-examination of them is completed.

If any Examiner fails to send in his marks within the limits of time prescribed for examination and re-examination, the amount of his remuneration shall be reduced by Rs. 16 for each day by which he exceeds that period.

15. Each Examiner shall write his name and the subject of the examination at the foot of every page of his roll.

16. No entry shall be made in the roll against the name of any candidate from whom no paper is received.

3. As soon as possible after an examination has been held, the persons who have set any question paper in the examination, and those who are to examine the answers to that paper or any portion of it, and the Head Examiner, if there is one, shall meet to determine the kind or standard of answers to be expected from the candidates and to decide upon a system of marking. Their conclusions shall be embodied in a memorandum to be jointly signed by them and forwarded to the Registrar. If, owing to unavoidable circumstances, any Examiner who has set a paper is unable to attend the meeting, the remaining Examiners, contemplated by this Regulation, shall meet and transact the aforesaid business.

For this purpose a meeting of the Examiners in each subject shall be held as soon as possible after the close of the examination, at which provisional rules shall be drawn up. After this meeting each Examiner shall look over a certain number of papers (the number to be determined at the meeting) and shall submit them to the Head Examiner for re-examination. After he has re-examined those papers, the Head Examiner shall call another meeting for the final determination of the rules. A copy of these rules shall be sent to each Matriculation Examiner and to the Registrar.

4. Each Head Examiner shall re-examine at least 5 per cent. of the answer papers looked over by each of Matriculation Examiners in his subject, with a view to see whether they are working uniformly according to the method indicated and shall direct, if necessary, any examiner to conform to that method.

The re-examination of the answer papers shall be conducted in the following manner:

Every Matriculation Examiner shall, as soon as he finishes the examination of about 100 papers, send them with the corresponding pages of his roll to his Head Examiner, who shall examine at least five papers taken at random out of them, and shall give the Examiner any further instructions which may be necessary or shall return the remaining papers, for re-examination if he is of opinion that the rules have not been complied with. The same course shall be followed with every subsequent batch of 100 papers.

5. The functions of Head Examiners are—

(1) to distribute, in consultation with the Examiners, the marks allotted to a question consisting of several parts over those parts;

(2) to give general directions, in consultation with the Examiners, as to what should be included within the scope of each answer, and as to how far any particular answer should be dealt with liberally or strictly by reason of the difficulty or simplicity of the question;

(3) to look over a few of the papers examined by each Examiner immediately after the meeting of Examiners, to ascertain how far the standard agreed upon is being followed; and in cases of deviation from such standard to give general directions to be more or less strict as may be required;

(4) to re-examine 5 per cent. of the answer papers examined by each Examiner with the object of seeing whether the standard adopted has been generally and fairly adhered to, but not to insist upon mechanical uniformity.

6. In no case shall the Head Examiner increase or diminish the marks assigned to any paper by a Matriculation Examiner without himself examining that paper.

7. In case of a difference arising between Head Examiner and a Matriculation Examiner an appeal shall lie to the Moderators.

8. Every Matriculation Examiner must remain in Calcutta as long as his services are required by his Head Examiner.

9. The Head Examiner shall forward to the Registrar by instalments the totalised marks in his subject with observations on those cases which he may deem worthy of special consideration.

In order to avoid delay in the submission of the totalised marks, Head Examiners are requested to see that the Matriculation Examiners look over the papers of candidates in the order in which their names appear in the rolls (General Rule 11).

2. As soon as possible after an examination has been held, the persons who have set any question paper in the examination, and those who are to examine the answers to that paper or any portion of it and the Head Examiner, if there is one, shall meet to determine the kind or standard of answers to be expected from candidates and to decide upon a system of marking. Their conclusions shall be embodied in a memorandum to be jointly signed by them and forwarded to the Registrar. If, owing to unavoidable circumstances, any Examiner, who has set a paper, is unable to attend the meeting, the remaining Examiners contemplated by this Regulation, shall meet and transact the aforesaid business.

For this purpose a meeting of the Examiners in each subject shall be held as soon as possible after the close of the examination, at which provisional rules shall be drawn up. After this meeting each Examiner shall look over a certain number of papers (the number to be determined at the meeting), and shall submit them to the Head Examiner for re-examination. After he has re-examined these papers the Head Examiner shall call another meeting for the final determination of the rules. A copy of these rules shall be sent to each Intermediate Examiner and to the Registrar.

3. Each Head Examiner shall re-examine 5 per cent. of the answer papers looked over by each of the Intermediate Examiners in his subject, with a view to see whether they are working uniformly according to the method indicated and shall, if necessary, direct any Examiner to conform to that method.

The re-examination of the answer papers shall be conducted in the following manner :—

Every Intermediate Examiner, shall as soon as he finishes the examination of about 100 papers, send them with the corresponding pages of his roll to his Head Examiner, who shall examine at least five papers taken at random out of them, and shall give the Examiner any further instructions he may deem fit or shall return the remaining papers for re-examination, if he is of opinion that the rules have not been complied with. The same course shall be followed with every subsequent batch of 100 papers.

4. The functions of Head Examiners are—

(1) to distribute, in consultation with the Examiners, the marks allotted to a question consisting of several parts over those parts;

(2) to give general directions, in consultation with the Examiners as to what should be included within the scope of each answer, and as to how far any particular answer should be dealt with leniently or strictly by reason of the difficulty or simplicity of the question;

(3) to look over a few of the papers examined by each Examiner immediately after the meeting of Examiners to ascertain how far the standard agreed upon is being followed; and in cases of deviation from such standard to give general directions to be more or less strict as may be required;

(4) to re-examine 5 per cent. of the answer papers examined by each Examiner with the object of seeing whether the standard adopted has been generally and fairly adhered to, but not to insist upon mechanical uniformity.

5. In no case shall the Head Examiner increase or diminish the marks assigned to any paper by an Intermediate Examiner without himself examining that paper.

6. In case of a difference arising between a Head Examiner and an Intermediate Examiner, an appeal shall lie to the Moderators.

7. Every Intermediate Examiner must remain in Calcutta as long as his services are required by his Head Examiner.

8. The Head Examiner shall forward to the Registrar by instalments the marks or totalised marks as the case may be, in his subject, with observations on those cases which he may deem worthy of special consideration.

In order to avoid delay in the submission of the totalised marks, Head Examiners are requested to see that the Intermediate Examiners look over the papers of candidates in the order in which their names appear in the rolls (General Rule 11).

18. As soon as possible after the publication of the results of the examination, the Examiners in each subject shall meet together and draw up a report upon the examination in that subject for the consideration of the Syndicate.
